To the Board of County Commissioners and Citizens of El Paso County:

State law requires that every general-purpose local government publish a complete set of audited financial statements annually. Publishing of this report is to fulfill that requirement for the fiscal year ended December 31, 2021.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal controls established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements.

RubinBrown LLP, our external independent auditor, issued an unmodified ("clean") opinion on El Paso County's financial statements for the year ended December 31, 2021. The independent auditors report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

El Paso County, incorporated in 1861 and located in the central part of the state, is one of the top growth areas in both the state and the country. The 2022 population estimates from the Colorado Department of Local Affairs has El Paso County's population estimated at 748,098. El Paso County is ranked as the second largest populated county in the State. El Paso County occupies 2,158 square miles and is empowered to levy a property tax on both real and personal property located within its boundaries.

El Paso County operates under the County Administrator-County Commissioner form of government. Policy-making and legislative authority are vested in a governing Board of County Commissioners (BoCC) consisting of the Chair, Vice Chair, and three other members. The BoCC appoints the government's manager, who in turn appoints the heads of various departments. BoCC members serve four-year terms. The BoCC consists of five elected members, one from each district within the County.

El Paso County provides a full range of services, including Sheriff Operations; District Attorney Offices; Department of Human Services; the construction and maintenance of highways, streets, and other infrastructure; and recreational and cultural activities. El Paso County is also accountable for a legally and separate Health Department and Housing Authority, both of which are reported separately within El Paso County's financial statements. The BoCC is required to adopt a final budget by no later than the close of the fiscal year. This annual budget serves as the foundation for El Paso County's financial planning and control.

The budget is prepared by fund, function (e.g., public safety), and department (e.g., Sheriff Operations). Department heads may transfer resources within or between departments as they see fit. Transfers between funds, however, need special approval from the governing commissioners.

Local economy

Major industries located within El Paso County's boundaries, or in close proximity, include several military bases and their related supporting operations, semiconductor companies, automobile dealers, large retailers, as well as several financial institutions, religious organizations, and insurance companies.

Long-term financial planning

As El Paso County turns the corner into 2022, the County will focus on the next round of American Rescue Plan Act (ARPA) funds of \$69 million to be received in 2022. In addition, the County will also focus upon conservative budgeting practices to enable the County to remain within the TABOR spending limits. El Paso County focuses on offering the lowest county property tax burden out of the ten largest counties in the State along with the lowest cost per citizen for delivering high-impact services. In order to continue providing those benefits to the citizens of El Paso County, the County will continue to focus on cost cutting budgeting practices and policies.

Major initiatives

In 2021, El Paso County continued to be focused on the Covid-19 pandemic and the County's response to the pandemic. This response and recovery will continue into 2022 as a budgetary focus which continues to have its own unique challenges. To aid in this response and recovery, in 2020, and carrying over to 2021, El Paso County received over \$125M in Coronavirus Aid, Relief, and Economic Security (CARES) Act funding, of which over \$41M was shared back to municipalities to aid in their efforts. In 2021, El Paso County spent over \$10M from the Coronavirus Aid funds. In 2021, El Paso County also was awarded \$139.9M in American Rescue Plan Act funding (ARPA). Of this \$139.9M, the County spent over \$25M in 2021 while awarding \$5M to sub-recipients and deferring over \$45M to 2022. From the ARPA funds, El Paso County allocated the funds as follows which must be spent by the end of 2024: \$2M for Administrative, \$23M for Public Safety Covid response, \$23M for Economic Recovery & Workforce Development, \$2M as Unallocated Contingency, \$16M for Public Health, \$15M for Stormwater Infrastructure, \$10M for Road Infrastructure, \$9M for Community Impact, \$20M for Water Infrastructure, \$6M For Broadband, and \$2.9M for Covid Medical & Leave.

El Paso County is also focusing on investing resources in critical high-priority areas, such as ongoing high-impact road infrastructure and maintenance, and streamlining and modernizing county systems and process. In addition, El Paso County will also focus upon stormwater maintenance, investment into Human Capital through a comprehensive salary analysis, and fire mitigation in our County parks.

Awards and Acknowledgments

El Paso County received the Certificate of Achievement for Excellence in Financial Reporting award from the Government Finance Officers Association (GFOA) for the years 1990 through 1999, 2005 through 2008 and 2010 through 2020. In order to be awarded a Certificate of Achievement, El Paso County had to publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report will meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for the certificate.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Financial Services Department. We wish to express our appreciation to all members of this department who assisted and contributed to the preparation of this report. Credit must be given to the governing Board of County Commissioners for their unwavering support for maintaining the highest standards of professionalism in the management of El Paso County's finances.

Respectfully Submitted,

Bret Waters

Independent Auditors' Report

Board of County Commissioners El Paso County Colorado Springs, Colorado

Report On The Audit Of The Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of El Paso County, Colorado (the County), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the El Paso County Retirement Plan, which is reported as the pension trust fund, and the financial statements of the El Paso County Housing Authority, which represents 37% of the assets and 5% of the revenues of the discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for the El Paso County Retirement Plan and the El Paso County Housing Authority, are based solely on the reports of other auditors.

Basis For Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the El Paso County Retirement Plan were not audited in accordance with *Governmental Auditing Standards*.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities For The Audit Of The Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness
 of significant accounting estimates made by management, as well as evaluate the
 overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 21 through 37, budgetary comparison schedules on pages 99 through 103, the schedule of the County's proportionate share of the net pension liability and the schedule of the County's contributions and related ratios on pages 104 and 105, respectively, and the schedule of changes in the sponsor's net OPEB liability and related ratios on page 106 be presented to supplement the basic financial statements. Such information, is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We, and other auditors, have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules, the Schedule of EBT Authorizations, Warrant Expenditures and Total Expenditures, and the Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, the combining and individual fund financial statements and schedules; the Schedule Authorizations, Warrant Expenditures and Total Expenditures and the Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required By Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2022 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

June 17, 2022

RulinBrown LLP

El Paso County, Colorado Management's Discussion and Analysis

El Paso County's (the "County") discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the County's financial activity, (c) identify changes in the County's financial position (its ability to address the next and subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

The discussion and analysis of El Paso County's financial performance provides an overview of the County's financial activities for the fiscal year ended December 31, 2021. Please read it in conjunction with the County's financial statements, which begin on page 38, as well as the transmittal letter.

Financial Highlights

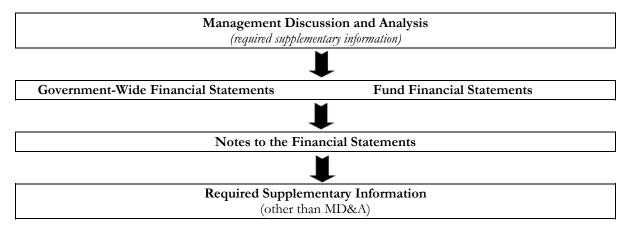

- Covid-19 continued to impact El Paso County in 2021. To aid in this response and recovery, in 2020 and carrying over to 2021, El Paso County received over \$125 million in Coronoavirus Aid, Relief, and Economic Security (CARES) Act funding, of which over \$42 million was shared back to municipalities to aid in their efforts. In 2021, El Paso County spent over \$10 million in CARES funding. In 2021, El Paso County was also awarded \$139.9 million in American Rescue Plan Act (ARPA) funding. Of this \$139.9 million, the County spent over \$25 million in 2021 while awarding \$5 million to sub-recipients and deferring over \$45 million to 2022. From the ARPA funds, El Paso County allocated the funds as follows which must be spent by the end of 2024: \$2M for Administrative, \$23M for Public Safety Covid response, \$23M for Economic Recovery & Workforce Development, \$2M as Unallocated Contingency, \$16M for Public Health, \$15M for Stormwater Infrastructure, \$10M for Road Infrastructure, \$9M for Community Impact, \$20M for Water Infrastructure, \$6M For Broadband, and \$2.9M for Covid Medical & Leave.
- The County's total assets increased by 16% for a \$137 million change in comparison to 2020. A large portion of this increase was attributed to a 71% increase in cash and investments of \$98 million. A large portion of the increase in cash was due to over \$45 million in ARPA revenue that was received in 2021 but unspent at the end of 2021. The County also retained approximately \$30 million in sales tax revenue that was received in 2021. In addition, the County's investments increased in 2021 due to the continued strong performance of the County's investment portfolio. The County also saw a 3.75% increase in Property Tax receivables of \$2.3 million. The continued increase in property values in El Paso County continues to produce higher property taxes for the County. In addition, the County saw a 10% increase or \$5 million increase in Intergovernmental From 2020 to 2021, El Paso County saw the following increases which impacted Intergovernmental Receivables: \$3 million increase in November 2021 sales tax, \$573,343 increase in December sales tax, \$422,842 increase in Pikes Peak Regional Building Development use tax in addition to a couple of smaller receivables that were expected in 2021 but received in 2022. The County also saw a 32% reduction or \$796,744 decrease in Note receivables due to additional payments the County received in 2021. Finally, the County saw a 5% increase of \$25 million in Capital Assets, net of accumulated depreciation. The increase in Capital Assets was due to a \$8 million increase in construction in progress in addition to a \$29 million increase in infrastructure after the depreciation deduction coupled with various other small losses and additional accumulated depreciation deductions on other Capital Assets.
- The County experienced a 21% decrease in Deferred Outflows of \$54 million from 2020 to 2021. There was a 34% decrease in Deferred outflows related to pension in the amount of \$73.5 million. To offset the decrease in Deferred outflows, there was a 50% increase in Deferred outflows related to OPEB in the amount of \$19.5 million. Multiple factors impact Deferred Outflows of Resources. There are three factors that had the largest impact upon this number in 2021: the stock market continued to have a strong performance in 2021, total payroll increased less than expected in 2021, and the anticipated increased employer pension contribution percentage starting in 2022.

- The County experienced a 30% decrease in total liabilities from 2020 to 2021 in the amount of \$241 million. This change was reflected in a variety of areas within total liabilities. One of the larger factors impacting this change was a 337% increase in Unearned Revenue exclusive of TABOR of \$35.8 million. This large increase was due to \$45 million in ARPA funding that was not utilized in 2021 but set aside for 2022. Another large factor that impacted the total liabilities was an entry of \$30.7 million for Unearned Revenue related to TABOR. During 2021, the county's revenue grew faster than TABOR limitations allow. Thus, the TABOR overage is reflected on the balance sheet as a liability. Another big part of the change in total liabilities was reflected in the 67% decrease in Net Pension liability of \$327.5 million along with the 27.7% increase in the OPEB liability of \$38.4 million. One of the biggest factors impacting the decrease in Net Pension liability was the change in the single discount rate used to calculate the liability from 3.39% in 2020 to 7% in 2021. The increase in the OPEB liability reflects the rising costs we are strongly seeing in every facet. There are some smaller factors also that impacted the change in total liabilities. Accounts Payable decreased 23% from 2020 to 2021 in the amount of \$4.6 million. At the end of 2021, El Paso County only owed 388 vendors funds whereas at the end of 2020, El Paso County owed 407 vendors funds. In addition, El Paso County owed two vendors a total of \$3.8 million more at the end of 2020 than at the end of 2021. Thus, the total outstanding to those two vendors at the end of 2020 resulted in a reduced Accounts Payable balance at the end of 2021. Accrued Liabilities increased 22% in the amount of \$795,914 which was due to a higher accrued wages balance at the end of 2021.
- The County experienced a very large increase in Deferred Inflows of Resources of 261% in the amount of \$267 million. The main contributing factor to this increase was the 1,088% increase in Deferred inflows related to pension of \$265 million. Once again, Deferred Inflows of Resources were impacted by multiple factors including: the stock market's continued strong performance, total payroll increased less than expected in 2021, and the anticipated employer pension contribution percentage change starting in 2022.
- In comparing the 2021 Statement of Activities to 2020, total general governmental revenues only increased by a minimal amount of 1.7% in the amount of \$3.7 million. Total governmental expenses decreased 22% in the amount of \$117.5 million. The decrease in expenditures was due to the extremely large outlay of CARES funds in 2020 that did not occur in 2021. Also, in 2021, the County only expended \$25 million in ARPA funds.
- As we move to the Statement of Revenues, Expenditures and Changes and look into the General Fund, total revenues decreased 22% in the amount of \$80.5 million. The change in total revenue was impacted by a couple of different factors. The main decrease was a 57% decrease in Intergovernmental revenues in the amount of \$82.6 million. El Paso County received \$125 million in CARES funding in 2020. Whereas in 2021, the ARPA funding El Paso County received was substantially smaller in the amount of \$25.6 million. El Paso County also used \$10 million in CARES funding in 2021 resulting in a large swing in Intergovernmental revenue. There were a couple of other revenue items with changes. Property taxes increased 12% in the amount of \$6.2 million. The property tax increase directly corresponds to the local increase in property tax values. The other notable increase was a 7.7% increase in Charges for Services in the amount of \$2.4 million. The County saw a \$1.4 million increase in Clerk and Recorder fees from 2020 to 2021. The County also saw various other smaller increases such as an increase in park fees, Treasurer fees, and vehicle registration delinquent fee. General Fund also saw a 23% decrease in total expenditures in the amount of \$75 million. The most notable decrease in expenditures was under General Government. General Government saw a 42% decrease in expenditures in the amount of \$61 million. In 2020, COVID-19 increased operating expenses tremendously. Grant funding for COVID-19 decreased in 2021 which resulted in our expenditures decreasing also. Health and Welfare expenditures have also decreased 22.6% in the amount of \$4.4 million. The decrease in Health and Welfare expenditures also directly correlates to the decrease in COVID-19 expenditures compared to 2020. Finally, Capital Outlay decreased 57.9% in the amount of \$17.3 million due to capital projects that were completed with CARES funding in 2020.

• The County's total governmental Fund Balance increased by \$34.9 million which equates to a 24% increase. General Fund saw the largest increase of \$31.5 million, Road and Bridge was \$2.2 million, and Human Services was \$1 million. General Fund saw an increase in Fund Balance due to the ARPA funds received and not expended in 2021. Road and Bridge saw an increase due to projects in process but not completed at the end of 2021. Human Services saw an increase due to increases in both sales tax revenue and intergovernmental revenue.

Using this Annual Report

The following graphic is provided to outline the composition of the financial statements.

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the County as a whole and present a longer-term view of the County's finances. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the County's operations in more detail than the government-wide statements by providing information about the County's most significant funds. The remaining statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

These two government-wide financial statements report the County's Net Position and how it has changed. You can think of the County's Net Position, the difference between Assets and Liabilities, as one way to measure the County's financial health, or financial position.

- Over time, increases or decreases in Net Position may serve as a useful indicator of whether the financial health of the County is improving or deteriorating, respectively.
- To assess the overall financial health of the County, you will need to consider additional non-financial factors, such as changes in the County's property tax base and the condition of the County's roads.

The government-wide financial statements of the County are divided into three categories:

- Governmental Activities Most of the County's basic services are included here, such as Sheriff, Public Works, Health and Welfare, Auxiliary Services and General Administration. Taxes and intergovernmental revenues finance most of these activities.
- **Business-type Activities** The County charges fees to customers to help it cover the costs of certain services it provides. The County's Household Hazardous Waste Fund is included here.

- *Component Units* The County includes four other entities in its report:
 - The El Paso County Retirement Plan exists for the purpose of being a cost sharing, multiple-employer benefit plan for all full-time employees.
 - The El Paso County Facilities Corporation exists as a nonprofit corporation under the laws of the State of Colorado which was organized to acquire real estate, property and improvements for lease to the County and, upon the prior approval of a majority of the members of the Board of County Commissioners of the County, to borrow money and to become indebted and to execute and deliver bonds, notes, and debentures to evidence such indebtedness, for the purpose of acquiring such real personal property, constructing or installing such improvements, and for such other purposes as may be necessary to accomplish the objectives of the Corporation.
 - El Paso County Public Health is a quasi-municipal organization organized by authority of State Statutes and Resolution of the County Commissioners.
 - The El Paso County Housing Authority was established by the Commissioners and exists in order to help promote availability of decent, safe, and sanitary dwelling accommodations in the County to low-income families.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most significant funds, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by covenants of our Certificates of Participation.
- The Board of County Commissioners establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The County has three types of funds:

Governmental Funds - Most of the County's basic services are included in the governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statements, or on the subsequent page, that explains the relationship (or differences) between them.

Proprietary Funds - Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds statements, like the government-wide statements, provide both long-term and short-term financial information.

- Enterprise funds are the same as its business-type activities, but provide more detail and additional information, such as cash flows. El Paso County's Enterprise fund is the Household Hazardous Waste Fund.
- Internal Service funds are used to report activities that provide supplies and services for the County's
 other programs and activities. El Paso County's only internal service fund is the Self Insurance
 Internal Service Fund.

Fiduciary Funds - The County is the trustee, or fiduciary for other assets that, because of a trust arrangement, can be used only for the trust's beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. These activities are excluded from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents Required Supplementary Information (RSI) concerning El Paso County's General Fund, Road and Bridge Fund, and Human Services Fund Budget to Actual information, a Budget-to-GAAP Reconciliation, a Schedule of the County's Pension Contributions and Related Ratios, a Schedule of Changes in the Sponsor's Net OPEB Liability and Related Ratios, as well as information related to the County's share of the Net Pension Liability. Immediately following the RSI is the Other Supplementary Information (OSI), which includes Budget to Actual for special revenue funds, capital projects fund, proprietary funds, fiduciary funds, as well as combining statements for custodial funds.

Following the OSI, a schedule of EBT Authorizations, Warrant Expenditures, and Total Expenditures for the Human Services Fund is presented, in addition to the Highway Finance Report. Following this miscellaneous information is the Statistical Section, which provides information regarding financial trends, revenue capacity, debt capacity, demographic and economic information, as well as operating information.

Financial Analysis of the County as a Whole

Net Position is one measure of the County's financial position. Over time, this value can help assess the County's overall financial health. Overall, the financial position of the County has improved in 2021.

Net Position - The County's combined Net Position was \$252.4 million in 2021. Looking at the Net Position and net expenses of governmental and business-type activities separately, however, two very different stories emerge. The table below focuses on the Net Position and Changes in Net Position of the County's governmental and business-type activities.

El Paso County's Net Position (in millions)

For detailed information please see the Statement of Net Position on page 38.

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation to the fund financial statements.

Net Results of Activities - which will affect (increase/decrease) Current Assets and Unrestricted Net Position.

Borrowing for Capital - which will increase Current Assets and Long-term Debt.

<u>Spending Borrowed Proceeds on New Capital</u> - which will reduce Current Assets and increase Capital Assets. There is a second impact, an increase in Investment in Capital Assets and an increase in Related Net Debt, which will not change the Net Investment in Capital Assets.

<u>Spending of Non-Borrowed Current Assets on New Capital</u> - which will (a) reduce Current Assets and increase Capital Assets and (b) will reduce Unrestricted Net Position and increase Net Investment in Capital Assets.

<u>Principal Payment on Debt</u> - which will (a) reduce current assets and reduce long-term debt and (b) reduce unrestricted net position and increase net investment in capital assets.

<u>Reduction of Capital Assets through Depreciation</u> - which will reduce Capital Assets and Net Investment in Capital Assets. The Net Position of the County's governmental activities was \$251.0 million for 2021. The largest portion of the County's Net Position, \$517.2 million, reflects its Investment in Capital Assets (e.g.,

land, buildings, machinery, equipment, vehicles, and infrastructure), less any related outstanding debt that was used to acquire those assets. The County uses these capital assets to provide a variety of services to its citizens. Since all of these assets are tied up as capital, they are not available to finance day-to-day operations.

Net Position - Restricted Net Position of \$68.5 million has limited purposes, as a result the funds are also not available to finance day-to-day operations. A portion of Restricted Net Position is the TABOR requirement to maintain an "emergency reserve" in the amount of 3% of "fiscal year spending less debt service". This reserve can be used to meet any emergency except those caused by economic conditions, revenue shortfalls, and salary or fringe benefits increases. Accordingly, the amount of this emergency "reserve" at December 31, 2021 is \$9.5 million.

The Unrestricted Net Position is the part of Net Position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements. Unrestricted Net Position shows a \$334.7 million deficit at the end of the year. The largest portions of this deficit are the Net Other Post Employment Benefits (OPEB) liability of \$177.1 million, which we are required to present separately on the Statement of Net Position, Compensated Absences Liability of \$17.5 million, as well as a Net Pension Liability of \$157.4 million. The County pays its OPEB and compensated absences annually on a "pay-as-you-go" basis. Removing the Net OPEB, Compensated Absences, and the Net Pension liabilities from the Unrestricted Net Position results in a \$17.3 million Unrestricted Balance.

<u>Changes in Net Position</u> - The County's total governmental revenues were \$466.8 million for 2021. Approximately 10.5% of the County's revenues come from Charges for Services, 42.3% from Operating and Capital Grants, 13% from Property Taxes, 29.5% from Sales Taxes; and 4.7% from Other Taxes and Revenues. The total cost of all governmental programs and services was \$410.2 million.

Governmental Activities

There are eight basic impacts on revenues and expenses as reflected below.

Revenues:

Economic Condition - which can reflect a declining, stable or growing economic environment and has a substantial impact on property, sales, or other tax revenue as well as public spending habits for building permits, elective user fees and volumes of consumption.

Increase/Decrease in Board approved fees - the County Commissioners have significant authority to impose and periodically increase/decrease fees.

Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring) - certain recurring revenues (state revenue sharing, etc.) may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year to year comparison.

Market affects Investment Income - the County's investment portfolio is managed using a variety of maturities and the market condition may cause investment income to fluctuate as a result.

Expenses:

Introduction of New Programs - within the functional expense categories, individual programs may be added or deleted to meet changing community needs.

Change in Authorized Personnel - changes in services demand or decisions to outsource services may cause the Commissioners to increase/decrease authorized staffing.

Salary increases (cost of living, merit and market place adjustment) - the ability to attract and retain trained and educated resources requires the County to strive to approach a competitive salary range position in the marketplace.

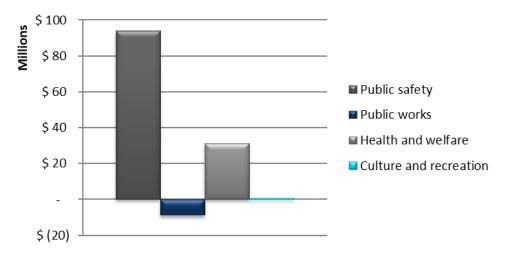

Inflation - while overall inflation appears to be reasonably modest, the County is a major consumer of certain commodities such as chemicals and supplies, fuels, and parts. Some functions may experience unusual commodity specific increases.

The table below presents the cost of each of the County's four largest programs - Public Safety, Public Works, Health and Welfare, and Culture and Recreation - as well as each program's net cost (total cost less fees generated by the activities and intergovernmental aid). The net cost shows the financial burden that was placed on the County's taxpayers by each of these functions. Some of the cost was paid by those who directly benefited from the programs, or other governments and organizations that subsidized certain programs with grants and contributions. This is a specific analysis of services outside of General Government.

Net Cost of El Paso County's Governmental Activities

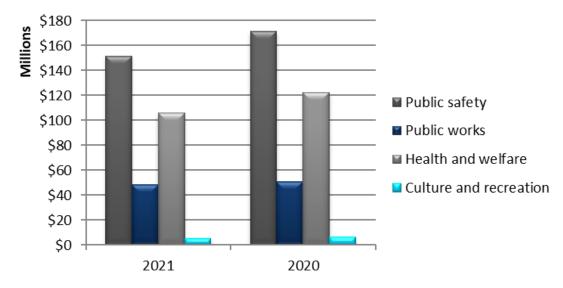

(in millions)								
		Т	otal			Net	Cost

Total	\$	311.2	\$	350.6	\$	116.8	\$	60.5

2021 Net Cost of Governmental Activities

When comparing 2021 to 2020, Public Safety total cost of services decreased \$19.7 million. Public Works' total cost of services decreased by \$2.1 million, Health and Welfare decreased by 16.6 million, and Culture and Recreation's total cost of services decreased by \$1.0 million. Expenditures in 2020 were higher than 2021 due to COVID-19. In 2020, El Paso County received over \$125 million in CARES Act funding compared to the \$10 million in CARES funding that was spent in 2021. The County only spent \$25 million in ARPA funds in 2021. Thus, expenses were substantially higher in 2020 versus 2021.

Total Cost of Services in Governmental Activities

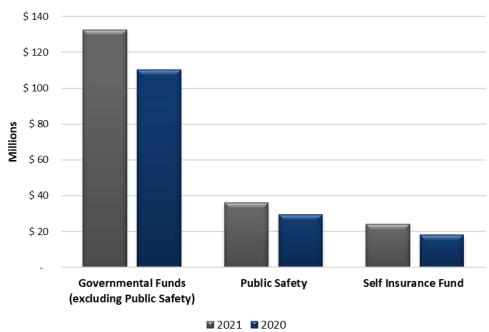

Sales Tax Revenue - Sales Tax Revenue in the governmental funds can appear to change significantly from year to year depending on how much sales and use tax revenue is allocated to our Internal Service Fund, which is not shown in the governmental funds financial statements. The following table provides a better analysis of sales tax revenue for the entire County compared to 2020.

The following data and table includes \$30.7 million of Sales Tax Collected above our TABOR cap which has been netted in the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance:

Sales and Use Tax Collections

(in millions)	2021	2020
Governmental Funds (excluding Public Safety)	\$ 132.6	\$ 110.4
Public Safety	36.0	29.5
Self-Insurance Fund	24.2	18.1
Total Sales and Use Tax	\$ 192.8	\$ 158.0

Please see Schedule 10, Sales and Use Tax Collections by State Category in the Statistical Section of this report for more information.

Financial Analysis of the County's Funds

At the end of the County's year, governmental funds reported a fund balance of \$180.2 million. This is a total increase from 2020 of \$34.9 million. The General Fund saw an increase in fund balance of \$31.5 million, Road and Bridge Fund saw an increase of \$2.2 million, Human Services saw an increase of \$1.1 million, while the Capital Projects' fund balance increased minimally by \$7,289.

The **General Fund** is the County's primary operating fund, accounting for all financial resources of the general government, except those required to be accounted for in other funds. At the end of the current fiscal year, the Unrestricted (committed, assigned and unassigned) Fund Balance of the General Fund was \$107.1 million. The County's Fund Balance Policy has set the appropriate fund balance as 0.5% of budgeted property tax, 10% of budgeted unrestricted sales tax, and 5% of all other budgeted unrestricted revenue sources. For the 2022 budget, the required beginning Unrestricted Fund Balance is \$17.6 million. The 2021 ending Fund Balance is \$89.5 million higher than the required reserve. Also included in the General Fund Restricted Fund Balance is a reserve of \$9.5 million which is restricted under state law (TABOR - Taxpayers Bill of Rights) as an emergency reserve. The remaining amount of the fund balance is restricted funds unavailable for the Board to appropriate other than their designated purposes.

The General Fund balance increased \$31.5 million in 2021 due to a higher level of revenues collected versus expenditures incurred. There were some differences though between 2020 and 2021. Intergovernmental revenue decreased \$82.6 million from 2020 to 2021 due to the decrease in COVID-19 related grants. The County also saw a corresponding decrease in expenses across all categories in 2021 as COVID work decreased. As for increases in revenue, the County saw a \$6 million increase in property taxes due to the strong real estate market and a \$2.4 million increase in Charges in Services due to an increase in Clerk & Recorder fees, Park fees, Treasurer fees, and vehicle registration delinquent fees. Expenditures decreased substantially in 2021 due to the decreased impact of COVID-19.

The **Road and Bridge Fund** accounts for construction and maintenance of County roads and bridges financed by property taxes, highway user taxes, and other revenues restricted to use on roads and bridges. At the end of the current fiscal year, the Road and Bridge Fund had a total fund balance of \$28.8 million, which is \$2.2 million higher than 2020, primarily due to a \$1.1 million increase in Specific Ownership Tax revenue from 2020 to 2021 and \$0.9 million increase in Highway User Tax revenue. In 2021, many residents purchased new cars in lieu of used cars due to the rapidly increasing cost of used cars. The Highway User Tax increased as residents drove a lot more than 2020 as COVID-19 restrictions were lifted.

The **Human Services Fund** accounts for the federal and state public welfare programs administered by the County and financed by grants, intergovernmental reimbursements, and sales taxes. There was a \$1.1 million increase to fund balance. Revenue in the Human Services Fund increased \$2.3 million as a result of an increase in Intergovernmental Revenue. The County continued to see an increased level of grant funding in the Human Services Fund related to COVID-19.

The **Capital Project Fund** accounts for financial resources to be used for the acquisition or construction of major capital projects other than those financed by proprietary funds, as well as for payments on annual lease obligations. There was only a minimal change in the Capital Projects Fund balance. Revenues and expenses closely mirrored each other in 2021.

El Paso County Budgetary Highlights

Over the course of the year, the El Paso County Commissioners revised the County's General Fund Budget with a total of 56 resolutions for a net increase of \$115,968,495. The largest budget resolutions follow and total \$112,360,988. The remaining resolutions combined total \$3,607,507.

- Resolution 21-225 was approved in the amount of \$69,964,919 from the U.S. Department of Treasury through the Coronavirus State and Local Fiscal Recovery Fund to State, Local Territorial, and Tribal governments for the American Rescue Plan Act (ARPA) to provide the continued pandemic response to Covid-19 and lay the groundwork for a strong and equitable recovery.
- Resolution 21-66 was approved in the amount of \$24,960,044 to reappropriate projects in process that were not yet completed and purchases that have been ordered but not yet received. These projects and purchases were scheduled to be completed in 2021.
- Resolution 22-53 was approved in the amount of \$7,221,490 as it was determined that certain budgets needed revisions for the 2021 General Fund budget that were not anticipated earlier in the 2021 fiscal year budget process.
- Resolution 21-153 in the amount of \$4,483,903 of real estate property sales was approved to appropriate out of General Fund fund balance to the Facilities and Strategic Infrastructure Management department to be utilized for critical repairs and maintenance of County owned facilities.
- Resolution 21-65 was approved to appropriate \$2,822,817 from various Restricted General Fund fund balances to the General Fund budget for various programs and operating costs.
- Resolution 21-179 was approved for \$1,669,235 from the Colorado Department of Human Services, Division of Behavioral Health under the Contract for Jail Based Behavioral Services to the Sheriff's Office budget to support substance use disorder treatment, mental health treatment, pre-sentence coordinator, competency enhancement, and MAT service programs at the Sheriff's Office Jail
- Resolution 21-178 was approved in the amount of \$369,075 from the Colorado Department of Human Services, Division of Behavioral Health to the Sheriff's Office budget to support the personnel, operations, supplies, and professional services needs of the Sheriff's Office Co-Responder Grant program.
- Resolution 22-71 in the amount of \$276,000 was approved from the Regional Park Fees fund balance to the Community Services Department budget for the completion of several park projects in Region #4 that include the County Fairgrounds Barn Replacement Project.
- Resolution 21-259 was approved in the amount of \$235,039 to the Sheriff's Office budget, from the National Highway Traffic Safety Administration (NHTSA) passed through the State of Colorado, Department of Transportation, for the 2021-22 Impaired Driving Enforcement Program.
- Resolution 21-258 was approved in the amount of \$199,636 from the National Highway Traffic Safety Administration (NHTSA) passed through the State of Colorado, Department of Transportation, for the 2021-22 Traffic Safety Enforcement Program to the Sheriff's Office budget.
- Resolution 21-283 was approved in the amount of \$158,830 from the High Intensity Drug Trafficking Areas (HIDTA) federal grant passed through the Colorado Springs Police Department to the Sheriff's Office budget to improve interagency collaboration and promote the sharing of accurate and timely information and intelligence.

General Fund Budget-to-Actuals

Due to conservative spending practices, the County ended the year underspending budgeted General Fund expenditures by \$102.7 million. A significant portion of the underspending was reappropriated to the 2022 General Fund budget to enable the County to finish projects it started in 2021, which were not completed by December 2021.

In the revenue area, the County budgeted \$104 million in the General Fund for sales tax revenue. Actual collections of \$136.8 million in sales tax revenue were 32% higher than budgeted revenue. Sales tax increased substantially in 2021 as consumer spending soared. New car sales also increased in 2021.

Capital Assets and Debt Administration

Capital Assets

As of the end of 2021, the County had invested \$1,090.8 million in a broad range of capital assets, including land, buildings, equipment, infrastructure, park facilities, etc. This table presents capital balances related to governmental funds and internal service funds.

El Paso County Capital Assets (in millions)

Governmental Activities					
		2021		2020	
Land	\$	15.6	\$	15.6	
Art		0.2		0.2	
Construction in progress		29.7		21.7	
Buildings and improvements		306.0		301.3	
Machinery and equipment		94.7		99.0	
Infrastructure		644.6		591.9	
Total	\$	1,090.8	\$	1,029.7	

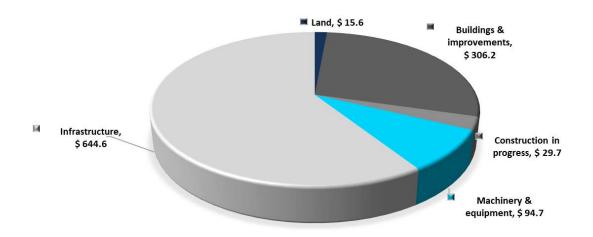

El Paso County's Investments in Capital Assets for its governmental and business-type activities net of depreciation as of December 31, 2021, amounts to \$615.8 million (see Note C3). This Investment in Capital Assets includes land, buildings, system improvements, machinery and equipment, park facilities, roads, highways, and bridges.

Major capital asset events during 2021 included the following:

- An increase of \$12.9 million in construction in progress along with a \$52.4 million increase in infrastructure.
- A net decrease of \$7.5 million in Machinery & Equipment with \$3.2 million in transfers into the Capital Asset account.
- \$3,299,269 was expended for various land and building renovation and improvements.

Reconciliation of Capital Asset Schedules

Amount	Explanation
\$ 1,090,845,429	Total capital including governmental & internal service funds

\$ 1,090,845,429	1

Information on El Paso County's Capital Assets can be found in the notes to the financial statements of this report in Note C3.

Long-Term Debt

During 2021, El Paso County had a reduction in long-term debt accounts of \$389.4 million and additions of \$86.7 million resulting in a net decrease of \$302.7 million. Additional information about El Paso County's long-term debt is presented in the notes to the financial statements, particularly Note C.5.A.

In 2017, the County entered into a lease agreement as lessee for financing equipment for the Public Works Fleet Department. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of future minimum lease payments as of the inception date. In 2019, the County entered into another capital lease agreement to purchase heavy fleet for Road and Bridge Projects. The value of all leases is \$7,633,684 with eight-year estimated useful life. In 2021, payments of \$973,673 were made on all capital leases and \$1,088,209 was included in depreciation expense.

Contacting the County's Financial Management

The purpose of this financial report is to provide the County's citizens, taxpayers, customers, investors, and creditors with a general overview of its finances and to show its accountability for the money it receives. If you have questions about this report or the reports of the component units, or need additional financial information, contact the County Financial Services Department's Finance Division, at El Paso County, 200 S. Cascade Ave., Suite 30, Colorado Springs, Colorado 80903. An electronic copy of this report can be found on the County's website https://admin.elpasoco.com/financial-services/budget-finance/comprehensive-annual-financial-reports/.

EL PASO COUNTY, COLORADO GOVERNMENTAL FUNDS RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION **DECEMBER 31, 2021**

Amounts reported for governmental activities in the statement of net position are different because:

Fund balances - total governmental funds	\$ 180,198,241
Capital assets used in governmental activities are not financial resources and,	
therefore, are not reported in the funds.	614,614,262
Internal service funds are used by management to charge the costs of the self	
insurance program to individual funds. The assets and liabilities of the internal	
service funds are included in governmental activities in the statement of net position.	10,036,897
Long-term note receivable from other governments for long-term capital lease.	1,693,538
Deferred outflows of resources are not available resources and, therefore, are not reported in the funds	
Deferred outflows related to pension (GASB 68)	141,475,106
Deferred outflows related to OPEB (GASB 75)	58,410,349
Deferred charge on refundings	1,554,710
Long-term liabilities are not due and payable in the current period and, therefore, are not reported	
in the funds. The details of this difference are as follows:	
Accrued interest payable	(297,767)
Compensated absences payable	(17,534,611)
Certificates of participation payable	(87,240,000)
Capital leases payable	(2,012,880)
Unamortized premium	(9,942,730)
Unamortized debt discount	85,023
Net pension liability (GASB 68)	(157, 376, 951)
Net OPEB liability (GASB 75)	(177,146,040)
Deferred inflows related to pension (GASB 68)	(289,143,032)
Deferred inflows related to OPEB (GASB 75)	 (16,335,206)
Net position - governmental activities	\$ 251,038,909

EL PASO COUNTY, COLORADO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2021

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation	\$ 34,914,670
expense. The details of this difference are as follows:	22,627,451
Capital outlay Depreciation	(40,548,742)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and	(40,340,742)
donations) is to increase net position. The details of this difference are as follows:	
Donations of capital assets increase net position in the statement of activities, but do not appear in	
the governmental funds because they are not financial resources.	51,310,739
In the statement of activities, only the gain or loss on the sale of capital assets is reported. However, in	31,310,737
the governmental funds, the proceeds from the sale increases financial resources. Thus, the change	
in net position differs from the change in fund balance by the net book value of the capital assets sold.	(303,867)
The issuance of long-term debt (e.g., leases, certificates of participation) provides current financial resources to	(303,007)
governmental funds, while the repayment of the principal of long-term debt consumes the current financial	
resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds	
report the effect of issuance costs, premiums and discounts, and similar items when debt is first issued, whereas,	
these amounts, except issuance costs, are deferred and amortized in the statement of activities. The details of	
these differences are as follows:	
Debt issued or incurred:	
Accrued interest payable	103,261
Payment of capital leases as a reduction of long term debt	973,673
Principal repayments on certificates of participation	9,075,000
Amortization of debt premium	1,059,151
Amortization of discount	(14,170)
Deferred outflow on refundings 2011 COP	(149,408)
Deferred outflow on refundings 2016 COP	(67,140)
Deferred outflow on refundings 2018 COP	(17,180)
Deferred outflow on refundings 2020 COP	(1,783)
Some revenues and expenses reported in the statement of activities do not require the use of current financial	
resources and, therefore, are not reported as expenditures in governmental funds.	
The details of these revenues/expenses are as follows:	
Compensated absences	824,045
Note receivable activity	(796,742)
Pension income (expense) calculated under GASB 68	(11,475,498)
OPEB income (expense) calculated under GASB 75	(18,160,739)
Internal service funds are used by management to charge the costs of the self insurance	
program to individual funds. The net revenue of certain activities of internal service	7 270 707
funds are reported with governmental activities.	7,279,787
Change in net position - governmental activities	\$ 56,632,508

NOTES TO THE FINANCIAL STATEMENTS

Note A – Summary of Significant Accounting Policies

1. Reporting entity

El Paso County, Colorado (the County) is governed by an elected five-member commission. As required by accounting principles generally accepted in the United States of America (US GAAP), these financial statements present the County and its component units, entities for which the County is considered financially accountable. The County is financially accountable if it appoints a voting majority of the potential component unit governing body and is able to impose its will on that potential component unit or because the potential component unit will provide a financial benefit or impose a financial burden on the County. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units is combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a single column in the basic financial statements. Each blended and discretely presented component unit has a December 31 year-end.

El Paso County is not considered a component unit on any other primary government.

Blended component units

El Paso County Retirement Plan

This is a cost-sharing, multiple-employer defined benefit plan as defined in State Statute for all full-time employees of the County. The Commissioners appoint two of the five members of the governing board, two members are employees of participating employers elected by participants, and the fifth member is the County Treasurer. The County and the employees of the County contribute approximately 80 percent of the funds in the plan.

El Paso County Facilities Corporation

This is a nonprofit corporation under the laws of the State of Colorado that was organized to acquire real estate, property and improvements for lease to the County, and upon the prior approval of a majority of the membership of the Board of County Commissioners, to borrow money and to become indebted and to execute and deliver bonds, notes or debentures to evidence such indebtedness, for the purpose of acquiring such real or personal property, constructing or installing such improvements, and for such other purposes as may be necessary to accomplish the objectives of the Corporation. Members of the Board of County Commissioners are deemed members of the Corporation for the purpose of appointing and removing members of the Corporation's Board of Directors. The Facilities Corporation does not publish separate financial statements.

Discretely presented component units

El Paso County Public Health

This is a quasi-municipal organization organized by authority of State Statutes and Resolution of the County Commissioners. According to State Statutes, the Commissioners appoint the governing board. Additionally, the County appropriates significant funds to the department's operations. The El Paso County Public Health administers public health services for El Paso County residents.

El Paso County Housing Authority

The El Paso County Housing Authority (the Authority) was established by the Commissioners in order to help promote availability of decent, safe, and sanitary dwelling accommodations in the County to low-income families. The Commissioners appoint the five-member governing board and can impose its will on the Authority through its ability to appoint, hire, reassign, or dismiss those persons responsible for the day-to-day operations of the Authority. The Authority administers El Paso County's low-income housing program.

Financial statements of the County's component units may be obtained from the County's Financial Services Department's Finance Division.

2. Government-wide and fund financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. Eliminations have been made in the process of consolidation on the Government Wide financial statement to remove double counting of internal activities with the exception of the business type activities. However, interfund services provided and used between functions have not been eliminated. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate *component units* for which the primary government is financially accountable. Indirect costs are not allocated in the government-wide statement of activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

3. Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements, with exception of the custodial funds whose resources are not available for use by the County. Revenues are recorded when earned, and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. The County considers all revenues available if they are collected within 60 days after year-end. Expenditures are recorded when the liability is incurred. However, debt service expenditures as well as expenditures related to compensated absences are recorded only when payment is due.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and internal service funds are charges to customers for sales or services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Property taxes, sales taxes, and interest are susceptible to accrual. Accruals are reported net of allowances for non-collectibles. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Major Governmental Funds

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Road and Bridge Fund* is a special revenue fund that accounts for construction and maintenance of County roads and bridges and drainage financed by property taxes, highway users' fees, and other revenues restricted to use on roads and bridges.

The *Human Services Fund* is a special revenue fund that accounts for the federal and state public welfare programs administered by the County and financed by grants, intergovernmental reimbursements, and sales taxes.

The *Capital Projects Fund* accounts for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary funds.

Additionally, the County reports the following fund types:

Special revenue funds account for the proceeds of specific revenue sources other than for major capital projects that are legally restricted to expenditures for specified purposes. The County's non-major funds are:

The *Conservation Trust Fund* accounts for lottery revenue received from the State of Colorado, which is restricted to use for the development and maintenance of parks, trails, open space, and other recreational purposes.

Enterprise funds account for activities for which a fee is charged to external users for goods or services. The County's non-major enterprise fund is:

The *Household Hazardous Waste Fund* was established by the Board of County Commissioners to collect tipping fees at privately owned landfills within the County. The funds will be appropriated to pay for operational service information and equipment needed for solid waste disposal sites within the County.

<u>Internal service funds</u> account for operations that provide services to other departments or agencies of the County, or to other governments, on a cost-reimbursement basis.

Because El Paso County is essentially self-insured, the *Self-Insurance Fund* was established to account for the accumulation and allocation of costs associated with insurance claims and administration costs.

<u>Fiduciary funds</u> are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The *Pension Trust Fund* is accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. The pension trust fund accounts for the assets of the El Paso County Retirement Plan.

<u>Custodial funds</u> are fiduciary in nature and present changes in fiduciary net position. Custodial Funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the County holds for others in a fiduciary capacity.

Treasurer's Escrow Fund accounts for the receipt and disbursement of revenues received by the Treasurer for prepaid and prorated property tax not yet due, as well as the receipts and disbursement of other revenues received by the County.

Clerk and Recorder Escrow and Refunds Funds accounts for the receipt and disbursement of revenues received by the Clerk and Recorder office for disbursement to other governments and refunds to customers

Public Trustee Fund was established to account for expenditures for the Public Trustee's Office. The Public Trustee is appointed by the Governor of Colorado for a four-year term. This office administers foreclosures including issuance of Public Trustee deeds, cure of default and lien redemptions.

Falcon Vista Acquisition Fund was established in 2008 and bonds were issued to finance acquisition, construction and installation of certain public improvements within the Falcon Vista Fund subdivision.

Public Improvement District Number 1 (PID#1) was established in 2011 as part of the implementation of the El Paso County 2030 Major Transportation Corridor Plan (MTCP). PID#1 is authorized to fund the costs of the public improvements using revenues derived from a mill levy, road impact fee revenues collected by El Paso County, revenues received from other PIDs organized to implement the MTCP Program, and any other legally available funds.

Public Improvement District Number 2 (PID#2) was established in 2011 as part of the implementation of the El Paso County 2030 Major Transportation Corridors Plan (MTCP). PID#2 is authorized to fund the costs of public improvements using revenues derived from the mill levy, and any other legally available funds provided that such revenues are pledged or otherwise transferred to District No. 1 to be applied to the MTCP Program by said District.

Public Improvement District Number 3 (PID#3) was established in 2011 as part of the implementation of the El Paso County 2030 Major Transportation Corridors Plan (MTCP). PID#3 is authorized to fund the costs of public improvements using revenues derived from the mill levy, and any other legally available funds, provided that such revenues are pledged or otherwise transferred to District No. 1 to be applied to the MTCP Program by said District.

Pioneer Village Roads Improvement District was established in 2013 to provide for the maintenance and upgrading of public roads within the boundaries of the District. Pioneer Village Roads Public Improvement District is authorized to fund the costs of public improvements using revenues derived from a mill levy and any other legally available funds.

Stratmoor Valley Streetlight Public Improvement District was established in 2013 to provide street lighting of the public roads within the boundaries of the District. Stratmoor Valley Streetlight Improvement District is authorized to fund the costs of public improvements using revenues derived from a mill levy and any other legally available funds.

Sheriff 's Funds are used to account for funds collected for and disbursed from the Inmate Trust Fund and the Civil Trust Fund.

County Fair Funds are used to account for funds collected for and disbursed to the El Paso County Fairgrounds Corporation.

Bridge Funds are used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon bridge projects completion.

Drainage Basin Funds are used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon drainage projects completion.

Third Party Funds are used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon land improvements completion.

School Fees Funds are used to account for funds collected from developers of new subdivisions and the distribution of these resources to local school districts.

Taxes Other Governments Funds are used to account for taxes collected for and disbursed to other governments.

4. Assets, liabilities, deferred outflows/inflows of resources and net position/fund balance

A. Deposits and investments

Deposits consist of cash equivalent accounts, interest and non-interest bearing bank accounts. The County's investment policy limits the investments to the following securities:

- A. U.S. Treasury Obligations
- B. Federal Agency and Instrumentality Securities
- C. Time Certificates of Deposits (CDs)
- D. Negotiable Certificates of Deposit
- E. Corporate Bonds
- F. Municipal Bonds: General Obligations and Revenue Obligations
- G. Commercial Paper
- H. Eligible Bankers Acceptances
- I. Local Government Investments Pools (LGIP)
- J. Repurchase Agreements and Reverse Repurchase Agreements
- K. Deposits in State or Nationally Chartered Depository Institutions

Additionally, the El Paso County Retirement Plan's (a component unit) investments authorized by Colorado statutes also include the following:

- 1. Corporate notes, bonds, and debentures
- 2. Railroad equipment trust certificates
- 3. Real property
- 4. Loans secured by first mortgages or deeds of trust on real property
- 5. Participating agreements with life insurance companies
- 6. Equity securities subject to certain limitations

The Retirement Plan cash and investments consist of cash and cash equivalent accounts, U.S. government securities, corporate bonds and debentures, common stocks, open-end equity mutual funds, international bonds, and securities lending collateral. Investments are stated at fair value.

The Retirement Plan includes investments in foreign currencies, which means changes in the exchange rate could adversely affect the fair value of an investment.

For purposes of the statement of cash flows, the County considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Original maturity is the original maturity to the County.

Except for nominal petty cash funds, all of the cash and investments for the County funds are in the custody of the County Treasurer. Except when otherwise required by trust agreements, the operating cash of all funds is pooled into various bank accounts. Interest income is allocated to funds on the basis of each fund's participation in the pool. Cash in excess of operating requirements is invested in U.S. government securities, local government investment pools, and interest-bearing bank accounts.

B. Receivables and payable

Outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Property taxes are recognized in the year for which they are levied and attach an enforceable lien on the property. On or before May 1st, the Assessor sends Notice of Valuation for real property. Not later than December 15th, the Clerk certifies levy to the County Commissioners and an enforceable lien is attached as of January 1st of the coming year. Taxes are

payable in two installments on February 28th and June 15th, or in one installment due April 30th. The El Paso County Treasurer bills and collects property taxes for the County and the other taxing authorities within the County. Collections for other districts are accounted for in the Treasurer's agency funds.

C. Inventories and prepaid items

Inventories are valued at cost using the first-in, first-out method. Inventories of the General Fund consist primarily of supplies held for consumption and expendable parts and are considered expenditures when used. Inventories of the Road and Bridge Fund consist of expendable parts and supplies held for consumption and are considered expenditures when used.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The expenditure will be appropriately recognized using the consumption method, in the benefiting period.

D. Restricted assets

Certain proceeds from the County's capital expenditures fund Certificates of Participation, and certain resources set aside for their repayment, are restricted because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. The construction fund accounts are used to report those proceeds of Certificates of Participation issuance that are restricted for use in construction. The total of those accounts as of December 31, 2021, was \$320,636. The certificate fund accounts are used to segregate resources accumulated for debt service payments over the next twelve months. The total of those accounts as of December 31, 2021, was \$10,226.

Additionally, Human Services has certain resources set aside for children placed in an out-of-home placement that have received Economic Impact Payments. These resources are restricted because they are maintained in a separate bank account and their use is limited by applicable guidance. The total of this account as of December 31, 2021, was \$6,030.

E. Capital assets

Capital assets, which include: property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The standard depreciation method is used for all assets. Donated capital assets are recorded at their acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects. Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Building	40
Improvements other than buildings	25
Infrastructure	1-50
Vehicles	4-8
Furniture & fixtures	5
General equipment	5-15

F. <u>Deferred inflows/outflows of resources</u>

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then.

The County has three items that qualify for reporting in this category. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its re-acquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows related to pension and OPEB have been recorded as of December 31, 2021, which consist of four components: 1) contributions subsequent to measurement date; 2) change in proportionate share of the net liability; 3) changes of assumptions or other inputs; and 4) difference between expected and actual experience.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflow of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time.

The County has three items that qualify for reporting in this category. One is the unavailable revenue from property taxes reported in the governmental funds balance sheet and also in the government-wide statement of net position. Deferred revenue for property taxes in the government-wide statements results from the accrual of property taxes levied for operations of the following year. This revenue will be recognized in the year it is levied for. Deferred inflows related to pension and OPEB have been recorded as of December 31, 2021, which consist of three components: 1) change in proportionate share of the net liability; 2) changes of assumptions or other inputs; and 3) difference between expected and actual experience.

G. Compensated absences

It is the County's policy to permit employees to accumulate a limited amount of earned but unused vacation and sick pay benefits, which will be paid to employees upon separation from County service. All compensated absences liabilities are accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

H. Long-term obligations

In the fund financial statements, governmental fund types recognize debt premiums and discounts, as well as issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources, while discounts on debt insurances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Certificate of Participation premiums and discounts are deferred and amortized over the life of the Certificates of Participation using the effective interest method. Certificates of Participation are reported net of the applicable premium or discount.

I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the El Paso County Retirement Plan and additions to/deductions from the El Paso County Retirement Plan's fiduciary net position have been determined on the same basis as they are reported by the El Paso County Retirement Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the plan provisions. Investments are reported at fair value.

J. Other Post-Employment Benefits

The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense have been determined using the economic resources management focus and the accrual basis of accounting. For this purpose, benefits and refunds of employee contributions are recognized when due and payable in accordance with the

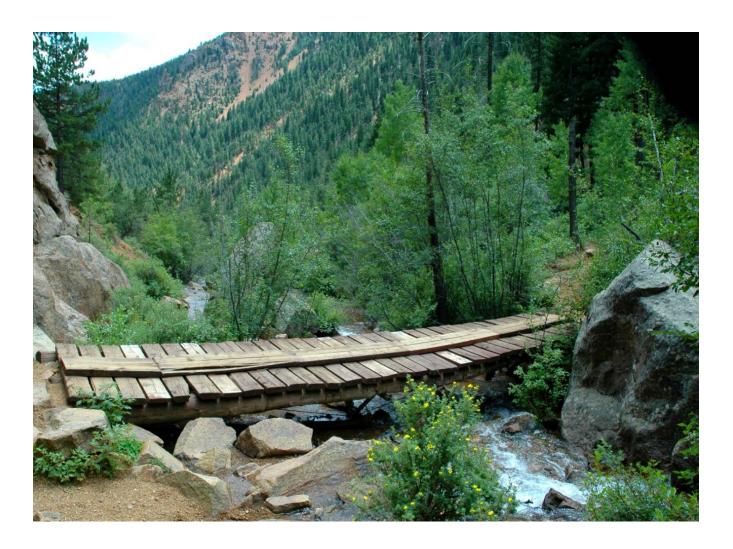

benefit terms. Expenditures are recognized when the liability is incurred, regardless of when payment is made. No assets are accumulated in a trust that meets criteria in paragraph 4 of GASB Statement no. 75.

5. Implementation of new accounting standard

For the year ended December 31, 2021, El Paso County implemented the provisions of the following new accounting standards:

• GASB Statement No. 98, The Annual Comprehensive Financial Report

Effective January 1, 2021, the County implemented GASB Statement No. 98, *The Annual Comprehensive Financial Report*, which is effective for fiscal years ending after December 15, 2021. The primary objective of this Statement is to establish the term *annual comprehensive financial report* and its acronym *ACFR*. The new term and acronym replace instances of *comprehensive annual financial report* and its acronym in generally accepted accounting principles for state and local governments.

Note B – Stewardship, Compliance, and Accountability

1. Budgetary Information

Budgets are adopted on a basis consistent with US generally accepted accounting principles (GAAP) for all government funds with a few minor exceptions. These exceptions are reconciled on the Budget to GAAP reconciliation schedule presented after the schedule of Revenues, Expenditures and Changes in Fund Balance - Budget to Actual. The Proprietary funds and Falcon Vista adopt budgets using the modified accrual basis of accounting, which is not US GAAP for those fund types. Annual appropriated budgets are adopted for all governmental funds, proprietary funds, Local Improvement Districts, Public Improvement District #1, Public Improvement District #2, Public Improvement District #3, Pioneer Village Roads Improvement District and Stratmoor Valley Public Improvement District. All annual appropriations lapse at fiscal year-end. Budgets are not presented for the Public Trustee Custodial Fund or the other Custodial funds because these are funds collected and held on behalf of others. In addition, budget is not presented for the Pension Trust because these funds are also collected on behalf of others and the Trust issues separately stated financial statements.

Appropriations in governmental funds are encumbered upon issuance of purchase orders, contracts, or other forms of legal commitments. While appropriations lapse as of the end of the fiscal year, the succeeding year's budget ordinance specifically provides for the re-appropriation of year-end encumbrances. Encumbrances outstanding as of December 31, 2021 do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

The County's managers may make transfers of appropriations within a fund. Transfers of appropriations between funds require the approval of the Board of County Commissioners. The legal level of budgetary control is the fund level.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Public hearings are conducted by the County to obtain taxpayer comments.
- B. Prior to December 31st, the budget is legally enacted through passage of an appropriation resolution.
- C. Any revisions that alter the total expenditures of any fund must be approved by the County Commissioners by passage of a resolution.
- D. The Road and Bridge Fund budgets expenditures using the natural classifications. Therefore, a difference arises between the fund financial statements reflecting expenditures under US GAAP, under which salary expenditures may be part of capital outlay expenditures, and the budget to actual schedules reflecting expenditures in their natural classifications.
- E. No fund had excesses of expenditures over appropriations for the year ended December 31, 2021.

2. Management Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. Fund Balance

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. As of December 31, 2021, fund balances of the governmental funds are classified as follows:

Nonspendable – amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be used only for specific purposes determined by a formal action of the Board of County Commissioners. The Board of County Commissioners is the highest level of decision-making authority. Commitments may be established, modified, or rescinded only through resolutions approved by the Board of County Commissioners.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but which are intended to be used for specific purposes. Under the Board of County Commissioners' adopted policy, only the Board of County Commissioners or the County Administrator, Deputy County Administrator, or Chief Financial Officer are authorized to assign amounts for specific purposes.

Unassigned - The residual portion of fund balance that does not meet any of the above criteria. The County will only report a positive unassigned fund balance in the General Fund.

When expenditures are incurred for purposes for which both restricted and unrestricted (total of committed, assigned, and unassigned balances) fund balances are available, the County considers restricted funds to have been spent first.

The Board of County Commissioners adopted a minimum fund balance policy for the General Fund.

The appropriate minimum level of General Fund unrestricted fund balance to be maintained is the sum of:

- a. Historical uncollectable amounts for Property Taxes averaging 0.5%
- b. Sales Tax for all funds (excluding restricted Public Safety Sales Tax) of 10%
- c. All other Unrestricted General Fund Revenues of 5%
- 1. The General Fund unrestricted fund balance may be used in the following circumstances:
 - a. Revenues received are at least 4% less than budgeted due to economic conditions
 - b. Federally declared natural disasters within the County
 - c. Elimination of core (tax related, non-grant) revenue streams, such as:
 - i. Sales and/or Use Tax
 - ii. Property Tax
 - iii. Clerk and Recorder Fees
 - iv. Specific Ownership Tax
 - d. BoCC determined emergency of one-time cost
 - e. Fund balance will be used in the order of: unassigned, assigned, and committed
- 2. The General Fund unrestricted fund balance will be replenished using the following methods:
 - a. Adjust the five-year financial projection so that spending is adjusted down (or economic recovery predicted) and desired levels of unrestricted fund balance are replenished.
 - b. Natural disaster use is replenished when anticipated reimbursement will be received from state/federal government.
 - c. Fund balance will be replenished in the order of: committed, assigned, and unassigned.
- 3. The General Fund unrestricted fund balance that needs to be replenished will be adjusted in the five-year financial projection to be brought to the minimum required level over a maximum of five budget years.
- 4. The highest level of decision-making authority to establish, modify and rescind commitments is the Board of County Commissioners by Resolution.

5. The officials authorized to assign Board of County Commissioner approved amounts for specific purposes are the County Administrator and Assistant County Administrator.

The minimum unrestricted (total of committed, assigned, and unassigned balances) fund balance required for 2021 is \$17,204,526. The County's unrestricted General Fund balance as of December 31, 2021, is \$107,112,246, which is \$89,907,720 more than required by the County's policy.

Note C - Detailed Notes on All Funds

1. Deposits and investments

Cash and Investments	Amount					
Cash and investments	\$ 236,344,724					
Restricted cash and investments	336,892					
Fiduciary cash and equivalents	39,505,088					
Fiduciary investments	 503,820,121					
Total cash and investments	\$ 780,006,825					

The County's cash and investments consists of the following on December 31, 2021:

	 Treasurer Funds	Go R	Primary overnment estricted Cash & vestments	Public Trustee	Retirement Plan	P	ID Funds	(Sheriff Custodial Funds	Total
Petty cash	\$ 90,770	\$	-	\$ -	\$ -	\$	-	\$	-	\$ 90,770
Cash deposits	36,793,405		-	31,670	10,311,753		-		632,466	47,769,294
Money market funds Local government	131,580		-	-	-		-		-	131,580
investment pool	211,635,754		6,030	-	-		4,723,348		-	216,365,132
Investments	33,493,358		330,862	-	481,825,829		-		-	515,650,049
	\$ 282,144,867	\$	336,892	\$ 31,670	\$ 492,137,582	\$	4,723,348	\$	632,466	\$ 780,006,825

The County's Public Improvement District (PID) Fund total consists of the following on December 31, 2021:

	PID-1	PID-2		PID-3		Pioneer Village Roads PID		Stratmoor Valley Streetlight PID		Total	
Local government investment pool	\$ 4,449,278	\$ 125,170	\$	13,137	\$	7,054	\$	128,709	\$	4,723,348	

Restricted cash and investments are held by U.S. Bank and pertain to Certificate of Participation reserve funds. The balance of \$330,862, includes cash equivalents of \$320,636 and various Guaranteed Investment Contracts of \$10,226 rated A2, Aaa and Baa1 by Moody. An additional balance of \$6,030, from local government investment pool, is Human Services restricted funds.

Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories which are determined by state regulators. All banks used by the County for depository and investments are on the approved list. Deposit amounts in excess of Federal insurance levels must be collateralized. PDPA allows institutions to create a single collateral pool for all public funds which is maintained by another institution or held in trust for all uninsured public deposits. The fair value of the collateral must be at least equal to 102% of uninsured deposits.

At December 31, 2021, the El Paso County's cash deposits had a bank balance of \$40,794,210. Of the bank balance, \$796,390 was covered by federal depository insurance. The remainder of the bank balance, \$39,997,820, was collateralized with securities held by the pledging financial institution and covered by eligible collateral as determined by the PDPA.

There are several accounts included in the Treasurer's Custodial Funds that are held under the custodianship of the El Paso County Treasurer. The transactions within these accounts occur outside of the oversight of the Financial Services Department.

Investments

The investment program is operated in conformance with federal, state and other legal requirements as well as in accordance with Colorado Revised Statutes, specifically C.R.S. 24-75-601.

The County uses the "prudent person" standard which is applied in the context of managing an overall portfolio. The standard states that investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Credit Risk - Credit risk is the risk that a security or a portfolio will lose some or all of its value due to a real or perceived change in the ability of the issuer to repay its debt. In order to mitigate credit risk, the County diversifies the investment portfolio through limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities), limiting investment in securities that have higher credit risks, investing in securities with varying maturities, and continuously investing a portion of the portfolio in readily available funds such as local government investment pools (LGIPs) or money market funds to ensure that appropriate liquidity is maintained in order to meet ongoing obligations. The County's investment policy limits the investments to the following securities:

- A. U.S. Treasury obligations
- B. Federal agency and instrumentality securities
- C. Time certificates of deposits (CDs)
- D. Negotiable certificates of deposit
- E. Corporate bonds
- F. Municipal bonds: general obligations and revenue obligations
- G. Commercial paper
- H. Eligible bankers acceptances
- I. Local government investments pools (LGIP)
- J. Repurchase agreements and reverse repurchase agreements
- K. Deposits in state or nationally chartered depository institutions

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investment policy requires all securities to be in the name of the County Treasurer and securities must be deposited in a safekeeping account at an authorized county depository institution or at an eligible security dealer.

Concentration Risk – Concentration risk is the risk of exposure to loss that can result from failing to diversify investments. The County's investment policy directs the Treasurer to diversify securities held in the investment portfolio to minimize the risk of losses from an excessive concentration of securities from a single issuer, with similar maturities, or (except Treasury securities) in similar categories.

Interest Rate Risk - Market risk is the risk that the portfolio value will fluctuate due to changes in the general level of interest rates. The County mitigates risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. The County further recognizes that certain types of securities, including variable rate securities, securities with principal pay downs prior to maturity, and securities with embedded options, will affect the market risk profile of the portfolio differently in different interest rate environments, and therefore, adopts the following strategies to control and mitigate its exposure to market risk:

- Liquidity funds will be held in investment instruments maturing within one year at the time of purchase.
- Longer term/core funds will be defined as funds in excess of liquidity requirements. The investments in this portion of the portfolio will have maturities between 1 day and 5 years and will be invested in higher quality and liquid securities.

As of December 31, 2021, El Paso County Primary Government investments (including Fiduciary Funds held by Treasurer) had the following maturities:

			Investments Maturities										
	Fair Value			Up to 120 Days	121	Days to 5 Years	S&P Rating						
Investment type for Primary Government													
U.S. Treasuries	\$	12,590,137	\$	-	\$	12,590,137	US Govt Guar						
<u>Instrumentality</u>													
Federal agency collateralized mortgage obligations		598,818		-		598,818	AA+						
Federal agency bonds		8,079,442		-		8,079,442	AA+						
Corporate bonds		331,506		-		331,506	AAA						
Municipal bonds		5,463,173		-		5,463,173	AA- to AAA						
Supra-national agency bonds		5,977,322		-		5,977,322	AAA						
Certificates of deposit		452,960		-		452,960	A-1 to AA-						
Money market funds		131,580		131,580		-	AAAm						
ColoTrust		211,641,784		211,641,784		-	AAAm						
Total investments controlled by the County	\$	245,266,722	\$	211,773,364	\$	33,493,358							

Fair Value Measurement – El Paso County categorizes its fair values measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Portfolio investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs such as matrix pricing techniques that values securities based on benchmark quoted prices; Level 3 inputs are significant unobservable inputs.

As of December 31, 2021, El Paso County Primary Government investments (including Fiduciary Funds held by Treasurer) had the following recurring fair value measurements:

Fair Value Measurements U Level 1 Level 2							
el 1	Level 2	Level 3					
- \$	\$ 12,590,137	\$ -					
-	598,818	-					
-	8,079,442	-					
-	331,506	-					
-	5,463,173	-					
-	5,977,322	-					
-	452,960	-					
- \$	\$ 33,493,358	\$ -					
		Level 2 - \$ 12,590,137 - 598,818 - 8,079,442 - 331,506 - 5,463,173 - 5,977,322 - 452,960					

The ColoTrust investment is a local government investment pool that reports at the fair value per share of the pool's underlying portfolio. For pricing and redeeming shares, ColoTrust maintains a stable net asset value (NAV) of \$1 per share using the fair value method. ColoTrust is exempt from being measured at fair value and is excluded from the fair value hierarchy. The State Securities Commissioner administers and enforces all State statutes governing ColoTrust.

Money market funds were transferred from CSIP to First American Government Obligations Fund in December 2021 with US Bank's acquisition of PFM Asset Management LLC. The money market fund investment, First American Government Obligations Fund, seeks to provide maximum current income and daily liquidity by purchasing U.S. government securities

and repurchase agreements collateralized by such obligations. Government Obligations Fund qualifies as "government money market funds" under Rule 2a-7 of the Investment Company Act and seeks to maintain a stable net asset value (NAV) per share of one dollar. First American Funds, Inc. and its board of directors provide oversight of this investment.

ColoTrust and First American Government Obligations Fund do not have any unfunded commitments, redemption restrictions, or redemption notice periods.

Investments, other than ColoTrust and First American Government Obligations Fund, are assigned a hierarchy level based on asset type. Evaluations are made utilizing sources, frequencies, and reliability of observable and unobservable inputs, as well as industry standard considerations when applicable. All investments classified as Level 1 are valued using closing market prices, as quoted in active markets. Investments classified as Level 2 are evaluated based on various market and industry inputs, including institutional bond quotes, collateralized mortgage obligation (CMO) source, market prices, and independent market data analysis.

Blended Component Unit Retirement Plan - Cash and Investments

The Retirement Plan (Plan) has a bank balance of \$8,924,133 on deposit with a banking institution at December 31, 2021. Of this bank balance, up to \$250,000 is insured by the Federal Deposit Insurance Corporation at December 31, 2021. The uninsured balances are collateralized with securities held by the banking institutions, but not in the Plan's name. In addition, \$1,387,620 was held by various money managers in banking institutions at December 31, 2021.

<u>Investments</u>

Fair Value Measurements – The Plan categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest level to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest level to unobservable inputs (Level 3). Level 1 inputs are unadjusted quoted prices for identical instruments in active markets; Level 2 inputs are observable inputs other than quoted market prices; Level 3 inputs are valuations derived from valuation techniques in which significant inputs are unobservable.

Investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy.

The Plan has the following fair value measurements as of December 31, 2021:

O		,	Fair Value Measurements Using							
		12/31/2021		Level 1		Level 2	Lev	el 3		
Investments by fair value level:										
International equity funds	\$	43,786,693	\$	43,786,693	\$	-	\$	_		
Domestic equity funds		26,895,409		26,895,409		-		-		
Fixed income:										
Fixed income funds		13,931,882		13,931,882		-		-		
U.S. Government agencies		4,739,017		-		4,739,017		-		
Corporate securities		3,297,785		-		3,297,785		-		
Municipal bonds		2,018,094		-		2,018,094		-		
U.S. Treasuries		1,797,680		-		1,797,680		-		
Commodities funds		15,284,255		15,284,255		-		-		
Real asset funds		14,246,618		14,246,618		-		-		
Total investments by fair value level	\$	125,997,433	\$	114,144,857	\$	11,852,576	\$	_		
Investments measured at net asset value (NAV):	<u></u>							<u>.</u>		
Domestic equity funds	\$	115,797,730								
Real asset funds		69,654,876								
Fixed income funds		67,092,102								
International equity funds		48,704,975								
Multi-asset fund		36,696,833								
Hedge fund of funds		17,881,880								
Total investments measured at NAV	-	355,828,396								
Total investments held by the Retirement Plan	\$	481,825,829								

Domestic common stocks and international equity mutual funds classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Fixed income securities classified in Level 2 of the fair value hierarchy are valued primarily using quoted prices in inactive markets, as well as other pricing methods using observable inputs.

Investments measured at NAV as of December 31, 2021:

			Unfunded		Redemption
	Fair Value		Commitments	Redemption Frequency	Notice Period
5			40.400.004	D. 11. 11. 12.	4.5.1. 3.7.4.

Hedge fund of funds (6)		17,881,880	None	Quarterly	70 days
Total investments measured at NAV	\$	355,828,396			

- (1) Domestic equity funds Domestic equity funds reported at net asset value consist of 22 limited partnerships and collective investment funds with various investment objectives. The domestic equity funds are diversified by investment type with respect to the underlying company size, industry and other factors. The funds have redemption features from daily to non-redeemable. The non-redeemable funds total \$24.2 million.
- (2) Real asset funds Real asset funds stated at net asset value consist of 12 limited partnerships and limited liability corporations. 51% of the real asset limited partnerships consist of an investment in a core-style, open-end real estate fund that holds a strategically diversified portfolio of real estate assets across the four main property types in major markets throughout the United States. The primary performance objective is to combine an attractive income yield with long-term capital growth. This fund allows for quarterly redemptions with 90 days notice and values its underlying real estate investments using income, cost and sales comparison approaches. The remaining real estate investments valued at net asset value consist primarily of investments in limited partnerships and limited liability corporations that are diversified by investment type and cannot be redeemed. Instead, the nature of the investments in these limited partnerships and limited liability corporations are that distributions are received through the liquidation of the underlying properties over 7 to 10 years.
- (3) Fixed income funds Fixed income funds include 10 funds that seek results which correspond generally to the price and yield performance of a particular index or to produce returns in excess of the total rate of return of a particular benchmark. The funds include both domestic and international fixed income investments. Redemption frequencies vary from daily to monthly to none. The non-redeemable funds total \$8.8 million.
- (4) International equity funds International equity funds stated at net asset value consist primarily of 3 collective investment funds that invest in global equity securities. 34% of the international equity funds consist of an investment in a global minimum volatility index fund, which seeks to track the investment results of an index composed of global equities that, in the aggregate, have lower volatility characteristics relative to the broader markets. This fund can be redeemed with 2 days notice. 42% of the international equity consist of an all country world index, excluding U.S., and an emerging markets fund, both of which are redeemable daily.
- (5) Multi-asset fund The multi-asset fund's objective is to generate absolute risk adjusted returns over time by utilizing a multi-asset investing approach through a combination of strategic asset allocation and tactical portfolio management and by balancing risk across and within a broad array of asset classes. The fund is redeemable monthly with 15 days notice.
- (6) Hedge fund of funds The hedge fund of funds is a limited partnership which invests in a portfolio of funds. The underlying funds generally implement non-traditional or alternative investment strategies. The hedge fund of funds is redeemable quarterly with 70 days notice.

Credit Risk – Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations. The purpose of the Plan's fixed income segment is to provide diversification to reduce the overall volatility of the portfolio, and therefore reduce the variability of contribution amounts required. This segment also provides for current income and liquidity in support of current benefit payments. The fixed income segment may be invested across both investment grade and below investment grade opportunities and may include both fixed rate and floating rate obligations.

At December 31, 2021, the Plan's exposure to fixed income credit risk based on Standard & Poor's ratings is as follows:

S & P Rating	Corporate Securities	U	S Treasuries	US Govt Agencies Municipal Bonds Fixed Income Funds		Total		
AAA	\$ 218,380	\$	1,797,680	\$ -	\$	789,408	\$ 4,255,799	\$ 7,061,267

Total	\$ 3,297,785	\$	1,797,680	\$ 4,739,017	\$	2,018,094	\$ 81,023,984	\$ 92,876,560

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the Plan's investment in a single issuer. The Plan limits its investments in any one issuer of equity securities, fixed income securities, short-term investments and commercial paper to no more than 5% of the applicable portfolio. No limitation is placed on investments in U.S. Government guaranteed obligations. No individual investments exceeded 5% of the Plan's net position at December 31, 2021.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates of debt securities will adversely affect the fair value of an investment. Unless expressly permitted by the Board, the effective duration of any fixed income portfolio shall not exceed 120% of the effective duration of the broad market benchmark included in the instructions to the portfolio manager.

As of December 31, 2021, the effective duration of the Plan's fixed income portfolio is 4.9 years.

Foreign Currency Risk – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. As of December 31, 2021, the Plan's investments denominated in currencies other than the United States dollar were immaterial in amount.

Component Unit El Paso County Public Health - Cash and Investments

Deposits – The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is specified by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds.

The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The fair value of the collateral must equal at least 102% of the uninsured deposits. The State Regulatory Commissions for banks and savings and loan associations are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. At December 31, 2021, Public Health had bank deposits of \$1,740,750 collateralized with securities held by the financial institution's agent, but not in the Public Health name.

Fair Value Measurements – El Paso County Public Health categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Cash and Investments held by El Paso County Public Health

	12/31/2021	Credit Rating	Maturity Date
Petty cash	\$ 2,270	*	*
Cash deposits	1,885,800	*	*
Local government investment pool (ColoTrust)	4,372,083	AAAm	Demand
Total cash and investments	\$ 6,260,153		

^{*} Not applicable to cash deposits

The ColoTrust investment is a local government investment pool that reports at the fair value per share of the pool's underlying portfolio. For pricing and redeeming shares, ColoTrust maintains a stable net asset value (NAV) of \$1 per share using the fair value method. ColoTrust is exempt from being measured at fair value and is excluded from the fair value hierarchy.

Component Unit El Paso County Housing Authority – Cash and Investments

Deposits in Bank and Investments – Deposits and investments consist of checking and money market accounts and government securities and are stated at fair value. Deposits are fully collateralized or vested in securities of the United States Government and are identified specifically in the name of the El Paso County Housing Authority (the "Authority"). The deposits are either covered by federal depository insurance, by collateral held by the Authority's agent in the Authority's name by the Federal Reserve Banks acting as third-party agents or by a collateralization agreement.

HUD Deposit Restrictions – The U.S. Department of Housing and Urban Development (HUD) requires Authorities to invest excess HUD program funds in obligations of the United States, certificates of deposit or any other federally insured instruments. HUD also requires that deposits of HUD program funds be fully insured or collateralized at all times. Acceptable security includes FDIC/FSLIC insurance and the fair value of securities purchased and pledged to the political subdivision. Pursuant to HUD restrictions, obligations of the United States are allowed as security for deposits. Obligations furnished as security must be held by the Authority or with an unaffiliated bank or trust company for the account of the Authority.

Fair Value Measurements – The El Paso County Housing Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Cash and Investments held by El Paso County Housing Authority

The carrying amount of the Authority's cash deposits and investments was \$5,176,231 at December 31, 2021. Bank and investment balances before reconciling items were \$5,176,231 at that date, the total amount of which was collateralized or insured with securities held by an unaffiliated banking institution in the Authority's name.

		12/31/2021
Deposits		
Checking account		\$ 662,451
Repurchase agreement		515,612
Escrow account		190,491
Custody account		 3,807,677
	Total deposits	\$ 5,176,231

2. Property taxes

The County is permitted to levy taxes on the assessed valuation for general governmental services. The combined tax rate to finance general governmental services for the year ended December 31, 2021, was 6.696 mills. The County's assessed valuation for 2021 was \$10,320,697,100. Therefore, the County could collect \$76,889,052 for 2021 payable in 2022 taxes. Instead, the Board of County Commissioners eliminated the County's entire portion of business personal property tax. The property taxes collectible for 2021 payable in 2022 total \$63,012,289.

3. Capital assets

Capital asset activity for the year ended December 31, 2021, was as follows:

	Balance								Balance

4. Inter-fund receivables and payables:

The composition of inter-fund balances as of December 31, 2021, is as follows:

Due to/from other funds:			
Receivable Funds	Payable Funds		Amount
General Fund	Road and Bridge	\$	164,325
	Human Services		1,589,391
	Non-Major Internal Service		139,023
	Non-Major Enterprise		5,812
	, .		1,898,551
Road and Bridge	General		17,561
Road and Dridge	General	-	17,561
			17,501
Human Services	General		153
			153
Capital Projects	General		76,594
,			76,594
N. M. I. 10			1.040.205
Non-Major Internal Service	General		1,240,385
	Road and Bridge		11,208
			1,251,593
	Total	\$	3,244,452

Inter-fund balances resulted from the time lag between the dates that (1) inter-fund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Resolution No. 18-440 authorizes the advancement of funds for cash flow purposes from the General Fund to other County funds. As of December 31, 2021, Human Services received an advance of \$2,000,000.

5. Long-term debt

A. Changes in long-term liabilities

The following is a summary of changes in long-term liabilities of the County for the year ended December 31, 2021:

	Begi	nning balance					En	ding balance	1	Due within
Governmental Activities:		1/1/2021	A	dditions]	Reductions		12/31/2021		one year
Certificates of participation	\$	96,315,000	\$	-	\$	(9,075,000)	\$	87,240,000	\$	9,460,000
Issuance discount		(99,193)		-		14,170		(85,023)		(14,170)
Plus issuance premium		11,001,881		-		(1,059,151)		9,942,730		1,059,152
Total certificates of participation		107,217,688		_		(10,119,981)		97,097,707		10,504,982
Capital leases		2,986,553		-		(973,673)		2,012,880		995,357
Claims payable		12,423,238		27,346,438		(29,715,453)		10,054,223		7,673,924
Compensated absences		18,358,656		12,293,590		(13,117,635)		17,534,611		14,126,540
Net pension liability		484,190,364		-		(326,813,413)		157,376,951		-
Net OPEB liability		138,782,063		47,051,335		(8,687,358)		177,146,040		-
Total long-term liabilities		763,958,562		86,691,363		(389,427,513)		461,222,412		33,300,803
Business-Type Activities:										
Compensated absences		83,398		35,339		(34,714)		84,023		27,978
Net pension liability		1,054,023		-		(704,743)		349,280		-
Net OPEB liability		209,536		96,022		(17,729)		287,829		-
Total long-term liabilities	\$	1,346,957	\$	131,361	\$	(757,186)	\$	721,132	\$	27,978

Compensated absences are normally liquidated 79.9 percent by the General Fund, 12.2 percent by the Human Services Fund, 7.4 percent by the Road and Bridge Fund and 0.5 percent by the Conservation Trust Fund. Net pension liability is normally liquidated 72.1 percent by the General Fund, 20.0 percent by the Human Services Fund, 7.4 percent by the Road and Bridge Fund, and 0.5 percent by the Conservation Trust Fund. Other post-employment benefits (OPEB) and claims payable are liquidated by the Self-Insurance Fund.

B. <u>Certificates of participation</u>

During 2011, the County, through the El Paso County Facilities Corporation, issued \$32,820,000 Refunding Certificates of Participation Series 2011A, which were dated July 20, 2011 and refunded the Certificates of Participation Series 2002B. The 2011A certificates carry interest rates ranging from 2.75% to 5.25% and mature December 1, 2011 through December 1, 2027. The refunded Certificates Series 2002B became due and payable, in accordance with their terms, on December 1, 2012 at which time all of the 2002B Certificates were matured or redeemed at a redemption price. Interest payments are due June 1 and December 1. Principal payments are due December 1.

During 2012, the County, through the El Paso County Facilities Corporation, issued \$12,010,000 in Certificates of Participation Series 2012, which were dated December 15, 2012. The Series 2012 Certificates carry interest rates ranging from 3.00% to 5.00% and mature December 21, 2023. Interest payments are due June 1 and December 1 of each year. Principal payments are due December 1.

During 2016, the County, through the El Paso County Facilities Corporation, issued \$23,245,000 Refunding Certificates of Participation series 2016, which were dated June 1, 2016 and refunded a portion of the Certificates of Participation Series 2007A. The 2016 certificates carry interest rates ranging from 2.00% to 3.00% and mature December 1, 2029. Interest payments are due June 1 and December 1. Principal payments are due December 1.

During 2018, the County, through the El Paso County Facilities Corporation, issued \$28,380,000 Refunding Certificates of Participation Series 2018, which were dated May 1, 2018 and refunded the remaining balance of the 2007 Series A Certificates of Participation. The 2018 certificates carry interest rates ranging from 3.00% to 5.00% and mature December 1, 2029. Interest payments are due June 1 and December 1. Principal payments are due December 1.

During 2020, the County, through the El Paso County Facilities Corporation, issued \$34,455,000 Refunding Certificates of Participation Series 2020, which were dated March 12, 2020 and refunded the remaining balance of the 2008 and 2010A Series Certificates of Participation. The 2020 certificates carry interest rates ranging from 2.00% to 5.00% and mature December 1, 2036. Interest payments are due June 1 and December 1. Principal payments are due December 1.

C. Capital lease obligations

In 2017, the County entered into a lease agreement as lessee for financing equipment for the Public Works' Fleet Division. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of future minimum lease payments as of the inception date. The net book value of physical assets acquired are as follows at December 31, 2021:

Asset	Governmental Activities
Public Works Fleet Vehicles - 2017 Vehicles	\$ 104,920
2018 Vehicles	3,302,928
Less: Accumulated depreciation	(1,504,048)
Net	\$ 1,903,800

In 2019, the County entered into a lease agreement as lessee for financing equipment for the Public Works' Fleet Division. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of future minimum lease payments as of the inception date. In 2021, a payment of \$973,673 was made on this capital lease. The net book value of physical assets acquired are as follows at December 31, 2021:

Asset	Govern	mental Activities
Public Works Fleet Vehicles - 2019 Vehicles	\$	1,031,177
2020 Vehicles		581,871
2021 Vehicles		2,612,788
Less: Accumulated depreciation		(971,055)
Total	\$	3,254,781

The following schedule reflects debt service requirements for the capital lease as of December 31, 2021:

Date	Iı	nterest	Principal	Total Payment Amount
February 2022		44,827	995,357	1,040,184
February 2023		22,660	1,017,524	1,040,184
Total	\$	67,487	\$ 2,012,880	\$ 2,080,368

D. Summary of debt service requirements

The following schedule reflects debt service requirements to maturity for certificates of participation as of December 31, 2021:

Governmental Activities
Certificates of Participation

Certificates of Farticipation								
December 31,	Principal	Interest	Total					
2022	9,460,000	3,625,150	13,085,150					
2023	9,885,000	3,202,450	13,087,450					
2024	8,855,000	2,826,550	11,681,550					
2025	9,210,000	2,467,850	11,677,850					
2026	9,520,000	2,150,900	11,670,900					
2027-2031	29,185,000	5,405,625	34,590,625					
2032-2036	11,125,000	1,262,400	12,387,400					
Total	\$ 87,240,000	\$ 20,940,925	\$ 108,180,925					

E. Operating leases

El Paso County has entered into a number of operating leases which contain cancellation provisions and are subject to annual appropriations. For the reporting period, rent payments approximated \$1,345,952 for all types of leases. These expenditures were made primarily from the General, Self Insurance and Human Services funds.

F. Conduit debt obligations

From time to time, the County has issued the following types of conduit debt: single family mortgage bonds and mortgage revenue refunding bonds to assist low- to moderate-income residents in purchasing a residence; bonds for residential rental projects to be occupied by low- to moderate-income residents and owned by private-sector entities; industrial revenue bonds to provide financial assistance to private-sector entities to promote industry and develop trade or other economic activity; and qualified 501(c)(3) bonds to provide financial assistance to non-profits for the acquisition and construction of eligible facilities. The various bonds are secured by investments under Indentures of Trust, loans that finance the projects, property, loan guarantees, and letters of credit, and are payable solely from certain revenues and receipts pledged under the Indentures of Trust, payments received on underlying mortgage loans, and payments received pursuant to loan agreements. These bonds do not constitute the debt or indebtedness of the County, nor is the County obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of December 31, 2021, the bonds had an estimated aggregate principal amount payable of \$359,511,758. El Paso County did not issue any new conduit debt in calendar year 2021.

6. Fund balance designation

GASB 54 requires the fund balance amounts to be properly reported within one of the fund balance categories. The following table provides detail of each category of fund balance:

	General	Road & Bridge	Human Services	Capital Expenditure	Other Government	Total	
Nonspendable:							
Inventories	\$ 1,873,405	\$ 2,219,716	\$ -	\$ -	\$ -	\$ 4,093,121	
Prepaid items	318,054					318,054	
	2,191,459	2,219,716	-	-	-	4,411,175	
Restricted:							
TABOR	9,527,641	-	-	-	-	9,527,641

Total fund balance	\$ 143,867,916	\$ 28,767,798	\$ 3,986,877	\$ 2,311,751	\$ 1,263,899	\$ 180,198,241	

7. Sales Tax Collection - TABOR Revenue Limitation

During 2021, the County had overall revenue collection in excess of its TABOR limitation (see note D.2.C) of \$30,674,596. The excess collection is required to be reported as unearned revenue on the balance sheet and revenue is reported net of the limitation on the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances. The following chart details overall governmental funds sales tax collections, the allocation of the TABOR excess by governmental fund, and the net amount reported:

			Hu	man Services	Ca	pital Projects	s Total Sales Ta	
	C	General Fund		Fund		Fund		Revenue
Gross Sales Tax Received	\$	138,196,612	\$	19,123,937	\$	11,261,275	\$	168,581,824
Reduction for TABOR limitation		(30,674,596)		-		-		(30,674,596)
Net Sales Tax Revenue	\$	107,522,016	\$	19,123,937	\$	11,261,275	\$	137,907,228

Note D – Other Information

1. Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; health claims of employees; and natural disasters. The County established the Self-Insurance Fund (internal service fund) to account for and finance its uninsured risks of loss. Under this program, the fund provides coverage up to a maximum of \$100,000 for each property damage claim, \$750,000 for each workers' compensation claim (police/fire), \$1,000,000 for each workers' compensation claim (wildland firefighters), \$600,000 for each of all other type of workers' compensation claim, \$500,000 for each of all other liability claims, and \$250,000 for health claims. The limit of coverage on the liability claims is \$5,000,000. The County purchases commercial insurance for claims in excess of coverage provided by the fund and for all various other risks of loss. Settled claims have not exceeded this commercial coverage in the past three fiscal years.

All funds of the County participate in the program and make payments to the fund based on estimates of the amounts needed to pay prior- and current-year claims. Claims liabilities of \$10,054,223 that are reported in the Self-Insurance Fund at December 31, 2021, are based on the requirements of Governmental Accounting Standards Board Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable a liability has been incurred at the date of the financial statements, and the amount of the loss can be reasonably estimated. The present value of the estimated outstanding losses is the amount of money, discounted for anticipated investment income, required to meet unpaid claims. It is calculated based on a 2.0% yield on investments, as provided by the County.

Changes in the claims liability amounts in 2021 and 2020 were:

	Balance 1/1/2021	Claims and Changes in Estimates	Claim Payments	Balance 12/31/2021	
Self-Insurance Fund	\$ 12,423,238	\$ 27,346,438	\$ 29,715,453	\$ 10,054,223	
		Claims and			
	Balance	Changes in	Claim	Balance	
	 1/1/2020	Estimates	Payments	12/31/2020	
Self-Insurance Fund	\$ 9,065,971	\$ 32,791,104	\$ 29,433,837	\$ 12,423,238	

Amounts reflected represent current claims for self-funded medical claims, workers' compensation and other liability claims totaling \$7,673,924. The long-term portion represents claims pertaining to ongoing workers' compensation and liability claims totaling \$2,380,299.

2. Contingencies

A. <u>Litigation</u>

There are five cases filed in 2021 in which the County is likely to have favorable outcome in all cases. However, in the event the County does not prevail, judgment against the County may exceed \$250,000. All pending litigation is being vigorously defended. The potential settlement amounts are inestimable and it is the opinion of management that the potential outcome of such matters would not have a significant effect on the financial position of the County if disposed of unfavorably.

B. Grants

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, the County management believes such disallowances, if any, will be immaterial.

C. TABOR

In November 1992, the people of the State of Colorado passed an amendment to the State's Constitution (Article X, Section 20) known as the Taxpayer's Bill of Rights (TABOR), which was effective December 31, 1992. TABOR's intended purpose was to reasonably restrain most of the growth of government by imposing spending and revenue limits on the state and any local government, excluding enterprises. Provisions of TABOR require, among other things, that:

- Each district shall reserve for use in declared emergencies 3% or more of its fiscal year spending (as defined by TABOR) excluding bonded debt service.
- If revenue from sources not excluded from fiscal year spending exceeds the limits prescribed by TABOR in dollars for that fiscal year, the excess shall be refunded in the next fiscal year unless voters approve a revenue change as an offset.
- Revenue collected, kept, or spent illegally since four full fiscal years before an individual or class
 action enforcement suit is filed shall be refunded with 10% annual simple interest from the initial
 conduct.
- With minor exceptions, advance voter approval is required for any new tax, tax rate increase, mill
 levy above that for the prior year or creation of any multiple fiscal years direct or indirect district
 debt or other financial obligation without certain cash reserve amounts.

The County believes it complies with the provisions of TABOR. However, many of its provisions will most likely be interpreted by the judicial system and those interpretations could differ from those of the County. Based upon the County's interpretation of TABOR for 2021, the County exceeded its fiscal year revenue limit by \$30,674,596. At the time of this report, the County is still considering options regarding a possible refund or a ballot initiative. The County will ensure proper actions will be taken to be in compliance with TABOR.

3. El Paso County Retirement Plan

A. Plan Description and Provisions

The following brief description of the El Paso County Retirement Plan (Plan) is provided for informational purposes only. Participants should refer to the plan document for more complete information. The Plan issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained by writing to the El Paso County Retirement Plan, 2880 International Circle, Suite 30, Colorado Springs, Colorado 80910, or by calling (719) 520-7490. The report may also be found at https://retirement.elpasoco.com.

General - The Plan is a cost-sharing multiple-employer defined benefit plan covering all permanent, full-time and job-share employees of the participating employers upon their date of employment. Employers, as defined in the plan document, include El Paso County, El Paso County Public Health, Pikes Peak Library District, 4th Judicial District Attorney and El Paso County Retirement Plan. The El Paso County Retirement Plan's proportionate share is not a significant part for footnotes disclosures.

All employees hired after September 1, 1967 are required to participate. Employees hired from 1974 through 1981 who were age 60 or older at their date of employment could elect to become a member as of January 1, 1982. The participants of the Plan consisted of the following as of December 31, 2021 (the most recent actuarial valuation date):

Inactive plan members currently receiving benefits	1,871
Inactive plan members entitled to but not yet receiving benefits	626
Active plan members	2,884
Total	5,381

The El Paso County Board of Retirement (the Board) manages and administers the Plan. The Board consists of five members, one of whom is the El Paso County Treasurer, two of whom are appointed by the El Paso County Board of Commissioners (the Board of Commissioners) and two of whom are employees of the participating employers elected by participants. The Board shall have all powers necessary to effect the management and administration of the Plan in accordance with its terms. The Board has the powers set forth in Part 1, Title 24, Article 54, of the Colorado Revised Statues.

Plan Amendments - The Board has the right to alter, amend, or terminate the Plan or any part thereof in such manner as it may determine; provided that no such alteration or amendment shall provide that a retirement benefit payable to any retired member shall be less than that provided by his or her accumulated contributions or affect the right of any member to receive a refund of his accumulated contributions and provided further that no alteration, amendment or termination of the Plan or any part thereof shall permit any part of the Plan to revert to or be recoverable by any employer or be used for or diverted to purposes other than the exclusive benefit of members, retired members, terminated vested members of beneficiaries under the Plan, except such funds, if any, as may remain at termination of the Plan after satisfaction of all liabilities with respect to members, retired members, terminated vested members and beneficiaries under the Plan and are due solely to erroneous actuarial calculations.

The Plan is intended to comply with the requirements of the applicable provisions of Internal Revenue Service Code Section 401(a) as now in effect or hereafter amended, and any modification or amendment of the Plan may be made retroactive, as necessary or appropriate, to establish and maintain such compliance. See Note D.3.F for plan amendments approved during 2021 that go into effect in 2022.

Contributions - Contribution requirements are established and may be amended by the Board. Through December 31, 2009, participants contributed 6% of their monthly compensation to the Plan. The Plan was amended during 2009 to increase the participant monthly contribution rate to 6.5% effective January 1, 2010, 7.0% effective January 1, 2011 and 7.5% effective January 1, 2012. The Plan was further amended in 2013 to increase the participant monthly contribution rate to 8.0% effective January 1, 2014. Under the Plan provisions, the participanting employers make monthly contributions at least equal to the contributions made by the participants. Interest is credited on employee contributions at the rate of 3% per annum, compounded monthly. Employee and employer basic contributions amounted to 16% of covered payroll for both 2021 and 2020. During 2021, employee and employer basic contributions amounted to \$11,129,208 each for governmental activities and \$23,999 each for business-type activities.

Contributions are tax-deferred to the participants for federal income tax purposes. If participants have completed five years of service if hired before January 1, 2013 and eight years of service if hired on or after January 1, 2013, they are eligible to receive a future monthly retirement benefit. Any refund of contributions paid waives all future rights to any benefits. However, eligible participants who return to employment with a participating employer within 48 months and were previously refunded their contributions may reinstate withdrawn service if they repay the Plan the amount received when employment was terminated, plus interest, within twelve months of rehire.

Active participants who have completed five years of service if hired before January 1, 2013 and eight years of service if hired on or after January 1, 2013 may purchase up to five years of service credit for any period of full-time, nonvested previous employment with any public or private employer. One month of service credit may be purchased for each full month of full-time, nonvested, noncovered employment. The cost to purchase one month of service credit for noncovered employment is the "actuarial equivalent cost", as determined by the actuary for the Plan.

Participants may elect to pay for purchases of service credit in a lump sum or an installment basis. Effective July 2016, service credit purchases may also be made by rollover contributions from an eligible retirement plan. Payments may be made on a monthly, quarterly or annual basis with interest due at the actuarial equivalent interest rate for periodic benefits. The period over which installment payments may be made cannot exceed a period equal to the total amount of credited service to be purchased. Purchased service is recognized when paid.

Administrative Expenses - The Plan's administrative expenses are paid from the assets of the Plan accumulated from contributions and investment earnings. During 2021 and 2020, the Plan received \$2,925,000 and \$1,075,000, respectively, from the Plan's employers for reimbursement of administrative and investment expenses.

Termination Benefits - Participants vest in accumulated contributions as follows:

- (a) If hired before January 1, 2013 and credited with less than five years of service or hired on or after January 1, 2013 and credited with less than eight years of service: Refund of the participant's accumulated contributions.
- (b) If hired before January 1, 2013 and credited with five or more years of service or hired on or after January 1, 2013 and credited with eight or more years of service:
 - (i) The participant may elect to receive a deferred retirement benefit which shall be equal to the participant's accrued benefit as of the date of termination and payable on the participant's

normal retirement date. The participant may elect to receive a reduced retirement benefit beginning on the first day of any month subsequent to the participant's attainment of age 55. The reduction shall be 3% for each year by which payments commence prior to the first of the month following the participant's normal retirement date.

(ii) In lieu of (i), a participant may elect a current refund of accumulated contributions made by the participant.

Retirement Benefits - Participants hired before January 1, 2010 are eligible for normal retirement on the first of the month coincident with attainment of age 62. Participants hired after December 31, 2009 are eligible for normal retirement after attainment of age 62, but not before the completion of 60 months of continuous service. Participants hired after December 31, 2012 are eligible for normal retirement after attainment of age 62, but not before the completion of 96 months of continuous service.

If hired before January 1, 2010, the monthly benefit payable at normal retirement is equal to 2.22% times the final average monthly compensation, times years of credited service earned through December 31, 2012 and 2.00% times the final average monthly compensation, times years of credited service earned after December 31, 2012. If hired on or after January 1, 2010, the monthly benefit payable at normal retirement is equal to 2.00% times final average monthly compensation times years of credited service.

The normal retirement benefit will not be greater than 75% of the participant's final average monthly compensation if hired before January 1, 2013 and not greater than 60% of final average monthly compensation if hired on or after January 1, 2013. Final average compensation is the highest monthly average of considered compensation during the 36 consecutive calendar months of credited service out of the last 120 calendar months of credited service.

A participant is eligible for an early retirement benefit at age 55, provided the member has completed five or eight years of credited service. If the participant is hired before January 1, 2013, five years is required. If hired on or after January 1, 2013, eight years is required. The monthly pension is based on the vested portion of the normal retirement benefit, reduced by 3% for each year the early retirement date precedes the normal retirement date.

A participant is eligible for special early retirement benefits if the sum of the participant's age and credited service equals 75 or more. Employees hired on or after January 1, 2016 must be a minimum age of 50 to be eligible under this provision. The monthly benefit is equal to the normal retirement benefit and is not reduced for early commencement.

The annuity for delayed retirement is computed by the normal retirement formula considering credited service and compensation to actual retirement.

Disability Benefits - A participant is eligible for disability benefits if the participant's employment is terminated due to total and permanent disability as determined by eligibility for and receipt of disability benefits continuously until the normal retirement date under (1) the employer's long-term disability plan, or (2) Title II of the Federal Social Security Act. The annuity, payable at age 62, shall be calculated as for normal retirement considering the credited service that would have accrued had the participant been employed until the normal retirement date and the final average compensation during the calendar year preceding the year of the member's disability retirement.

Payment of Benefits - The monthly benefit, computed as set forth above, shall be paid in equal monthly payments commencing one month after the actual retirement date continuing at monthly intervals for the retired participant's lifetime thereafter. If the retired participant's death occurs prior to the payment of 120 monthly payments, the remainder of the 120 payments shall be paid to the participant's beneficiary.

Death Benefits Prior to Retirement - Death benefits prior to retirement are as follows:

In the event that an active participant or vested participant dies prior to their normal retirement date, the participant's surviving beneficiary will be entitled to either two times the participant's accumulated contributions payable immediately or a monthly benefit equal to 60% of the monthly retirement benefit earned by the member prior to the date of death. Payment of the monthly benefit to the beneficiary will begin on the first of the month following the death or the date the member would have attained age 55, if later. If the participant met the rule of 75 while working and had not applied for retirement no ceased employment as of date of death, their beneficiary will be entitled to a monthly benefit. Under these circumstances, the participant will be deemed to have retired on the first day of the month of their death. If no optional benefit had been elected prior to death, the participant shall be deemed to have elected the full joint and survivor benefit and such benefit shall be payable for the life of the participant's designated beneficiary, if living, following the participant's death.

Between normal and delayed retirement - In the event that a participant dies after their normal retirement date but prior to their actual retirement, their beneficiary will be entitled to a monthly benefit. Under these circumstances, the participant will be deemed to have retired on the first day of the month of their death. If no optional benefit had been elected prior to death, the participant shall be deemed to have elected the full joint and survivor benefit and such benefit shall be payable for the life of the participant's designated beneficiary, if living, following the participant's death.

Death Benefits After Retirement - Death benefits after retirement consist of a lump-sum benefit of \$3,000 payable upon the death of a retired participant.

Plan Termination - Although not presently contemplated, the Board has the right to terminate the Plan at any time, subject to limitations. In the event of termination, after payment of expenses, accumulated contributions would be returned to the participants, and the remaining assets distributed on a pro rata method to the participants based on accrued benefits. Participating employers would not receive any Plan assets.

B. Summary of Significant Accounting Policies

Reporting Entity - The Plan is considered a cost-sharing multiple-employer pension trust fund.

Basis of Accounting and Presentation - The financial statements of the Plan are presented using the economic resources measurement focus and the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America that apply to governmental accounting for fiduciary funds. Employee and employer contributions are recognized in the period they are due. Investment earnings are recognized in the period earned. Expenses are recognized when incurred. Benefits and refunds are recognized when due and payable in accordance with the Plan provisions.

Investments - Investments are stated at fair value. Fair value is the amount the Plan can reasonably expect to receive to sell an investment in an orderly transaction between market participants. See Note C for further information on the fair values of investments. Investment income is recognized when earned

by the Plan. Investment income from funds and limited partnerships measured at net asset value is included in net appreciation (depreciation) in fair value of investments consistent with the presentation provided by the asset custodian.

Capital Assets - Capital assets are recorded at cost. Depreciation is calculated using the straight-line method over useful lives of 3 to 7 years.

Tax Status - The Plan is a governmental plan within the meaning of the Internal Revenue Code (the Code). The Internal Revenue Service has determined and informed the Plan by a letter dated July 1, 2014, that the Plan is designed in accordance with the applicable sections of the Code. The Plan has been subsequently amended; however, management of the Plan believes that the Plan is designed and operating in accordance with the Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Subsequent Events - The Plan has evaluated subsequent events for recognition or disclosure through the date of the Independent Auditors' Report, which is the date the financial statements were available for issuance.

C. Net Pension Liability

The measurement date for the net pension liability is the Plan's year-end, December 31, 2021. Plan fiduciary net position is measured at December 31, 2021. The total pension liability is determined by an actuarial valuation as of December 31, 2020, and rolled forward to the measurement date of December 31, 2021. Adjustments to roll forward the total pension liability include service cost, interest on total pension liability and benefit payments. The net pension liability is the difference between the total pension liability and fiduciary net position as of December 31, 2021.

Actuarial Assumptions - The total pension liability was determined by an actuarial valuation as of December 31, 2020, using the following actuarial assumptions, applied to all periods included in the measurement, and rolled forward to the measurement date of December 31, 2021:

Inflation 2.50%

Salary increases Graded by service, from 8.00% to 3.00%

Investment rate of return 7.00%, net of investment expenses. This is based on an inflation rate

of 2.50% and a real rate of return of 4.50%

Mortality rates were based on the RP-2000 Sex-Distinct Mortality Table projected generationally using Projection Scale MP-2017. Mortality rates used for disabled members were based on the RP-2000 Disabled Mortality Table projected generationally using Projection Scale MP-2017. The Plan's last actuarial experience study was for the period from January 1, 2013 to December 31, 2017.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2021 are summarized in the following table (the rates shown below exclude the inflation component):

	Long-Term Expected
Asset Class	Real Rate of Return
Equities	6.59%
Fixed Income	3.36%
Real Assets	5.66%
Diversifying Alternative Investments	5.04%

Discount Rate - The discount rate used to measure the total pension liability as of December 31, 2021 was 7.0%. The projection of cash flows used to determine the discount rate assumed that employer contributions will continue to follow the current funding policy adopted by the Retirement Board. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments of 7.0% was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the El Paso County Primary Government's proportionate share of the net pension liability, separated according to Governmental Activities and Business-type Activities. The proportionate share of the net pension liability is calculated using the discount rate of 7.0%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.0%) or 1-percentage-point higher (8.0%) than the current rate.

El Paso County Primary Government		% Decrease	Cur	rent Discount Rate	1% Increase

D. <u>Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u>

On December 31, 2021, El Paso County Primary Government reported a liability of \$157,726,231 for its proportionate share of the Plan's net pension liability. Of this total, \$157,376,951 was attributed to El Paso County Governmental Activities and \$349,280 was attributed to El Paso County Business-Type Activities Non-Major Enterprise Fund - Household Hazardous Waste. El Paso County's proportion of the net pension liability was based on its contributions to the Plan for the calendar year 2021 relative to the total contributions of participating employers to the Plan.

On December 31, 2021, El Paso County's proportion was 79.22%, which was a decrease of 0.49% from its proportion measured as of December 31, 2020.

For the year ended December 31, 2021, El Paso County recognized pension expense of \$22,653,447. Of this total, \$22,604,706 was attributed to El Paso County Governmental Activities and \$48,741 was attributed to Business-Type Activities Non-Major Enterprise Funds - Household Hazardous Waste.

On December 31, 2021, El Paso County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Governmental Activities		erred Outflows f Resources	Deferred Inflows of Resources			
Difference between expected and actual experience	\$	6,687,477	\$	(5,621,411)

E. Component Unit - El Paso County Public Health

The following presents the El Paso County Public Health's proportionate share in the Retirement Plan's net pension liability and the sensitivity to changes in the discount rate, expense, deferred outflows of resources, deferred inflows of resources, and the proportionate share of the deferred amounts.

At December 31, 2021 the El Paso County Public Health Department reported a liability of \$10,808,438 for its proportionate share of the Plan's net pension liability. The El Paso County Public Health proportion of the net pension liability was based on its contributions to the Plan for the calendar year 2021 relative to the total contributions of participating employers to the Plan. The El Paso County Public Health proportion was 5.43%, which was an increase of 0.48% from its proportion measured in 2020.

	1% Decrease 6.0%	Current Discount Rate 7.0%	1% Increase 8.0%
El Paso County Public Health's Proportionate Share of the Net Pension Liability	\$ 15,332,834	\$ 10,808,438	\$ 7,034,019

For the year ended December 31, 2021, El Paso County Public Health recognized pension expense totaled \$2,137,128. El Paso County Public Health reported deferred outflows of resources and deferred inflow of resources related to pensions from the following sources:

	 erred Outflows f Resources	_	ferred Inflows f Resources
Difference between expected and actual experience	\$ 459,284	\$	(386,643)

Total	\$	(8,362,456)		

F. Plan Amendments and Changes in Assumptions

Several significant amendments to the Plan were made in 2020 and are effective as of January 1, 2022, including the following:

Discount Rate — Increased from 3.39% as of December 31, 2020 to 7.0% as of December 31, 2021. The Plan's fiduciary net position as of December 31, 2021 was projected to be available to make all projected future benefit payments of current Plan members. Therefore, the long-term expected rate of return on pension plan investments of 7.0% was applied to all periods of projected benefit payments to determine the total pension liability.

Employer Contributions — Employer contributions will be made to the Plan in an amount equal to or greater than the following percentage of its' Members' monthly compensation: 10.2% for the period January 1, 2022 through December 31, 2022, 10.8% for the period January 1, 2023 through December 31, 2023, 11.2% for the period January 1, 2024 through December 31, 2024, and 12.0% for the period January 1, 2025 and thereafter.

Service Credit — A Member may elect to purchase up to 5 years of service credit for any reason; there will be no requirement to link this to previous employment. A Member may begin to purchase service credit after they have accrued 5 years of Credited Service in the Plan; Members are no longer required to be fully Vested in the Plan before purchasing service. However, for a non-Vested Member, the amount of service credit purchased must be at least the amount required for that Member to become Vested in the Plan immediately following the purchase.

Vesting Service — "Vesting Service" means the period of Credited Service earned for service as a Full-Time Employee, plus any (1) Qualified Military Service earned by the Member and (2) service purchased under

those newly defined rules above. Vesting Service shall only include periods during which the Member is Disabled if the Member remains Disabled upon attaining his Disability Retirement Age.

Breaks in Service — For purposes of vesting, a Member who terminates service as a Full-Time Employee and returns to service as a Full-Time Employee shall receive credit for all Vesting Service, whether or not contiguous, so long as the Member has not taken a refund of his Accumulated Contributions.

Rule of 75 or 80 — For Members hired on or before December 31, 2015, a member shall be eligible for retirement under the Rule of 75 if the sum of his age plus Vesting Service equals 75 or more. Payment of a Rule of 75 Retirement Benefit may be made on and after his Early Retirement Date and before his Normal Retirement Date and shall be made in the same manner as a Regular Early Retirement Benefit, but without reduction for early payment.

For employees hired on and after January 1, 2022 —

- 1) Accrued Benefit shall be a monthly life annuity without a minimum of 120 monthly payments.
- 2) Final Average Monthly Compensation will be based on the last 60 months of full-time employment.
- 3) Special Early Retirement shall be satisfied when the sum of member's age plus credited service equals 80 or more ("Rule of 80"). An exception shall exist for employees who meet the definition of a Sworn Officer, in which case Special Early Retirement shall be satisfied when the sum of member's age plus credited service equals 75 or more ("Rule of 75").

4. Other Post-Employment Benefits (OPEB)

A. Plan Description

El Paso County provides a cost sharing multiple-employer defined benefit post-employment health care plan referred to as The Plan which covers eligible retired employees of the County. The plan also covers employees and retirees of the District Attorney's office, which is a separate employer, as well as, employees and retirees of El Paso County Retirement Plan and El Paso County Public Health, component units of the County. Authority was established by approval of a resolution adopted by the Board of County Commissioners (CBC) to create the MBTF fund on December 15, 2004. The CBC has the authority to amend the contributions and terms of the MBTF at will.

The Retirement Plan's, a component unit of El Paso County, proportionate share of the liabilities, deferred outflows, deferred inflows of resources and expenses related to the Other Post-Employment Benefits Plan is not a significant part to Primary Government for footnote disclosures.

To enroll in the retiree medical plans, the employee must be enrolled in a medical plan at the time of retirement and satisfy the following age and service requirements:

- Normal retirement begins at age 62 with full benefits. Employees hired before 2013 are required to accrue a minimum of five years of service, while those hired in 2013 or later must accrue a minimum of eight years of service.
- Early retirement can begin as early as age 55 if the employee has achieved credited service of five years (if hired before 2013) or eight years (if hired in 2013 or later).
- Special early retirement is available with a minimum of age plus years of service equal to 75. If hired in 2016 or later, an employee must have a minimum of age of 50 plus years of service to attain eligibility through the Rule of 75.
- Spouses of eligible employees and dependent children may also enroll in the plan.

No assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No.75.

Benefits Provided

The County provides medical benefits for retirees under age 65 which are the same as those provided for active employees. The medical plan is a self-funded EPO using the United Healthcare Choice Plus network and administered by UMR. The plan has a deductible of \$2,000 for individuals and \$4,000 for families. The maximum out-of-pocket is \$3,000 for individuals and \$7,000 for families. Coinsurance generally is 75%. Prescription benefits are managed by Express Scripts and have copays that vary from \$6 for generic drugs up to \$200 for non-preferred specialty drugs. For retirees age 65 and over, medical benefits are the fully insured Humana Medicare advantage plan and the Humana Medicare Part D prescription plan administered by Retiree First.

Contributions

The County generally provides a subsidy for retirees, depending on age and years of service at the time of retirement. Retirees pay the difference between the premium and the County subsidy. Spouses and eligible dependents of retirees pay 100% of the additional premium costs above the retiree cost. The benefits are funded on a pay-as-you-go basis.

The tables below show the 2021 retiree, County, and total monthly contributions:

Years of Service	Under 65, Retired 2004 through 2021						
Tears of Service	Retiree	County	Total				
< 8 years	817.15	0.00	817.15

Employees Covered by Benefit Terms

As of January 1, 2021, the number of active and inactive employees covered by the plan was as follows. The count of retirees does not include spouses. The count of active employees does not include those who waived their benefits or new employees who were not yet covered.

		Primary G		
		Governmental Business-Type		
	The Plan	Activities	Activities	Public Health
Active employees	1,767	1,496	5	89
Retirees	759	732	0	13
Total	2,526	2,228	5	102

B. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At December 31, 2021, El Paso County reported a liability of \$177,433,869 for its proportionate share of the collective total OPEB liability. The total OPEB liability was measured as of January 1, 2021, and the collective total OPEB liability used to calculate the total OPEB liability was determined by an actuarial valuation as January 1, 2021. The proportionate share of the collective total OPEB liability has been calculated based on each component unit's projected payments as benefits come due over the long term as compared to the total projected payments of all entities that make benefit payments. At December 31, 2021, El Paso County's proportion was 90.36% which is consistent with its proportionate measurement at prior year.

The total OPEB liability at December 31, 2021 is as follows:

		Primary Government					
Total OPEB Liability	The Plan	(Governmental Activities	Е	Business-Type Activities	Pu	blic Health
Beginning balance at December 31, 2020	\$ 153,819,830	\$	138,782,063	\$	209,536	\$	5,199,110
Changes for the year:							
Service cost	9,664,427		8,714,991		17,785		326,658
Interest	2,968,723		2,677,075		5,463		100,343
Difference between expected and actual experience	(4,780,785)		(4,311,119)		(8,798)		(161,591)
Changes in assumptions	39,544,093		35,659,269		72,774		1,336,592
Employer contributions	(4,852,998)		(4,376,239)		(8,931)		(164,031)
Net Changes	\$ 42,543,460	\$	38,363,977	\$	78,293	\$	1,437,971
Ending balance at December 31, 2021	\$ 196,363,290	\$	177,146,040	\$	287,829	\$	6,637,081

The plan also covers employees and retirees of the District Attorney's Office and El Paso County Retirement Plan, both of which are separate employers and not included in the table above to arrive at the total OPEB liability for the plan. The District Attorney's Office's total OPEB liability at December 31, 2021 is \$12,272,704. The El Paso County Retirement Plan's total OPEB liability at December 31, 2021 is \$19,636.

Change in Assumption

The table below shows the assumption change that was made and their impact on the liability. More information about the details and sources of the assumptions can be found later in the notes.

Assumption	Description of Change	Impact on Liability
Discount Rate	Reduced from 3.10% to 1.93%	\$ 39,544,093
	Total	\$ 39,544,093

For the year ended December 31, 2021, El Paso County recognized OPEB expense of:

El Paso County Primary Government
Governmental Activities \$ 22,536,978
Business-Type Activities 45,922
Component Unit
Public Health 948,149

At December 31, 2021 the County reported deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

El Paso County Primary Government	Deferred Outflows	Deferred Inflows			
Governmental Activities	of Resources	of Resources			
Differences between expected and actual experience	\$ -	\$ (10,545,883)			
Changes in assumptions	54,707,552	(5,789,323)			
Employer contributions subsequent to measurement date	 3,702,797				
Total	\$ 58,410,349	\$ (16,335,206)			

\$3,702,797 reported as deferred outflows of resources related to OPEB for El Paso County primary government, governmental activities is a result from the County's contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2022.

5. Jointly Governed Organizations

Pikes Peak Regional Building Department (PPRBD) – The County, in conjunction with the City of Colorado Springs, City of Fountain, City of Manitou Springs, Town of Green Mountain Falls, Town of Monument and Town of Palmer Lake has created the Pikes Peak Regional Building Department. The PPRBD's board is composed of three members, one appointed by the County, one appointed by the City of Colorado Springs, and one appointed by the other cities and towns together.

During 2003, Certificates of Participation of \$17,245,000 were issued to finance a building project for PPRBD. In 2012, the 2003 Series COP were refinanced by the Refunding and Improvement Certificates of Participation Series 2012. PPRBD continued into the lease agreement with the County to make lease payments that will pay the debt service on the Certificates of Participation. The County is not obligated for repayment of the Certificates of Participation beyond the resources provided by the lease agreement with PPRBD.

The El Paso County Emergency Services Authority (ESA) - The ESA was established in 2014 between the City of Fountain and El Paso County (after the dissolution of the El Paso County Emergency Service Agency at the end of March 2014) to provide for uniform ambulance service in El Paso County, Colorado. It is the goal of the ESA to provide excellent emergency medical and ambulance transport services to citizens and visitors throughout El Paso County.

The ESA is a 12-member board made up of EMS and first-responder professionals, physicians, elected officials and citizens, offering broad-based representation. Currently, the board includes two emergency room physicians, four fire district representatives, one paramedic, three elected officials, a citizen representative and a senior citizen representative. The ESA is not considered a Component Unit and is, therefore, not included in the County's reporting entity. The County does not invest in the ESA and it is intended that the ESA administer its fees to recover all its expenses.

The Pikes Peak Regional Communications Network (PPRCN) - The County, in conjunction with the City of Colorado Springs, has created the Pikes Peak Regional Communication Network. The PPRCN's board is composed of five members; two members appointed by the Colorado Springs Mayor, one member appointed by the Director of Colorado Springs Utilities, one member appointed by the Sheriff of El Paso County, and one member appointed by the Administrator of El Paso County. The agency board shall provide a financial and operating report to the Colorado Springs City Council and the El Paso County Board of County Commissioners no later than September 1 of each year.

6. Pikes Peak Rural Transportation Authority (PPRTA)

On November 2, 2004, the Pikes Peak Rural Transportation Authority was established by the voters in the four governments. The PPRTA was authorized to collect a one-percent sales tax to fund transportation and transit improvements. Fifty-five percent of the money would fund a voter-approved list of capital projects, 35% would be used for additional maintenance (such as street overlays and pothole patching), and 10% would be used to expand the Springs Transit bus system.

In November 2012, nearly 80% of the voters in the region (including those in Ramah, which had joined the RTA in 2009) approved a ten-year extension for capital projects, from 2015 to 2024.

7. Construction and Other Significant Commitments

At year-end, there were projects under construction with commitments of:

December 31, 2021 Projects	Sp	ent to Date	Amount to Complete Projects in 2022
General Fund Projects	\$	3,562,436	\$ 9,714,736
Road & Bridge Fund Projects		-	1,798,595
Capital Fund Projects		366,153	135,159
Conservation Trust Funds Projects		65,836	8,426
Total Construction Commitments	\$	3,994,425	\$ 11,656,916

REQUIRED SUPPLEMENTARY INFORMATION

Major Governmental Funds Descriptions

GENERAL FUND

As the County's major operating fund, the general fund accounts for ordinary operating expenditures financed by property taxes, service charges, and other sources. The fund includes all resources and expenditures not legally or properly accounted for in other funds.

ROAD & BRIDGE FUND

Accounts for construction and maintenance of County roads and bridges financed by property taxes, highway user taxes, and other revenues restricted to use on roads and bridges.

DEPARTMENT OF HUMAN SERVICES FUND

Accounts for the federal and state public welfare programs administered by the County and financed by grants, intergovernmental reimbursements, and sales taxes.

The amounts presented for each fiscal year were determined as of December 31. Historical information is required only for measurement periods for which GASB 75 is applicable. Future years information will be displayed up to ten years as information becomes available.

EL PASO COUNTY, COLORADO NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION DECEMBER 31, 2021

1. Notes to the Budgetary Information

Budgets are adopted on a basis consistent with US generally accepted accounting principles (GAAP) for all government funds with a few minor exceptions. These exceptions are reconciled on the Budget to GAAP reconciliation schedule on the previous page. The Proprietary funds and Falcon Vista, adopt budgets using the modified accrual basis of accounting, which is not US GAAP for those fund types. Annual appropriated budgets are adopted for all governmental funds, proprietary funds, Local Improvement Districts, Public Improvement District #1, Public Improvement District #2, Public Improvement District #3, Pioneer Village Roads Improvement District and Stratmoor Valley Public Improvement District. All annual appropriations lapse at fiscal year end. Budgets are not presented for the Public Trustee Custodial Fund or the other custodial funds because these are funds collected and held on behalf of others. In addition, budget is not presented for the Pension Trust because these funds are also collected on behalf of others and the Trust issues separately stated financial statements.

Appropriations in governmental funds are encumbered upon issuance of purchase orders, contracts, or other forms of legal commitments. While appropriations lapse as of the end of the fiscal year, the succeeding year's budget ordinance specifically provides for the re-appropriation of year-end encumbrances. Encumbrances outstanding as of December 31, 2021 do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

The County's managers may make transfers of appropriations within a fund. Transfers of appropriations between funds require the approval of the Board of County Commissioners. The legal level of budgetary control is the fund level.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Public hearings are conducted by the County to obtain taxpayer comments.
- B. Prior to December 31, the budget is legally enacted through passage of an appropriation resolution.
- C. Any revisions that alter the total expenditures of any fund must be approved by the County Commissioners by passage of a resolution.
- D. The Road and Bridge Fund budgets expenditures using the natural classifications. Therefore, a difference arises between the fund financial statements reflecting expenditures under US GAAP, under which salary expenditures may be part of capital outlay expenditures, and the budget to actual schedules reflecting expenditures in their natural classifications.
- E. No fund had excesses of expenditures over appropriations for the year ended December 31, 2021.

2. Notes to Postemployment Benefits Other than Pension (OPEB) schedule

No assets have been accumulated in a trust that meets criteria in paragraph 4 of Statement 75.

Change of assumption. Discount rate decreased from 3.1% to 1.93%.

Proprietary Funds

Enterprise Funds Descriptions

These funds account for the programs and expenditures for which a fee is charged to external users for goods and services.

HOUSEHOLD HAZARDOUS WASTE

The Household Hazardous Waste Fund has been established by the Board of County Commissioners to collect tipping fees at privately owned landfills within the County. The funds will be appropriated to pay for operational service information and equipment needed for solid waste disposal sites within the County.

Internal Service Funds Descriptions

Internal service funds are usually to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis.

SELF-INSURANCE FUND

El Paso is essentially self-insured. The Self-Insurance Fund was established to account for the accumulation and allocation of costs associated with insurance claims and administration costs.

Fiduciary Funds

Custodial Funds Descriptions

Custodial funds are used to account for assets held by the government for individuals, private organizations, other governments, and/or other funds.

TREASURERS ESCROW FUND

Accounts for the receipt and disbursement of all revenues received by the Treasurer for the County and all other taxing entities in the County, as well as the receipt, investment, and disbursement of all other revenues received by the County.

CLERK & RECORDER - ESCROW FUND

Account for the receipt and disbursement of revenues received by the Clerk and Recorder for individuals organizations, and other governments.

CLERK & RECORDER - REFUNDS

Account for the receipt and disbursement of revenues received by the Clerk and Recorder for refunds of transactions.

PUBLIC TRUSTEE FUND

This fund was established to account for expenditures for the Public Trustee's Office. The Public Trustee is appointed by the Governor of Colorado for a four-year term. This office administers foreclosures including issuance of Public Trustee deeds, cure of default and lien redemptions.

FALCON VISTA ACQUISITION LID

Falcon Vista Acquisition bonds were issued to finance acquisition, construction and installation of certain public improvements within the Falcon Vista subdivision.

PUBLIC IMPROVEMENT DISTRICTS

Public Improvement Districts account for the receipt and disbursement of revenues derived from mill levies and revenues from road impact fees.

SHERIFF FUNDS

Accounts for funds collected for and disbursed from the Inmate Trust Fund and the Civil Trust Fund.

FAIRGROUNDS FUND

The County Fair fund is held by the Treasurer's Office for the revenue and disbursement of funds for the County Fair Corp that operates the annual County Fair.

ARTERIAL ROADWAY BRIDGE FUND

The Bridge Fund is used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon bridge projects completion.

STORM DRAINAGE BASIN FUND

The Drainage Fund is used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon drainage projects completion.

THIRD PARTY FUNDS

The Third Party Fund is used to account for funds collected from developers, held as contractual collateral, and reimbursement to developers upon land improvements completion.

SCHOOLS FEES FUND

The Schools Trust Fund is used to account for resources from developers of new subdivisions and the distribution of these resources to local school districts.

PROPERTY TAXES OTHER GOVERNMENT

Property Taxes Other Government Fund is a group of accounts held by the Treasurer's Office for distribution to other governments for property tax collections.

A. EBT Authorizations reflect Human Services payments authorized by El Paso County and paid by Colorado Department of Human Services

B. County Share of EBT Transactions are reported as a reduction of State cash advances to the County

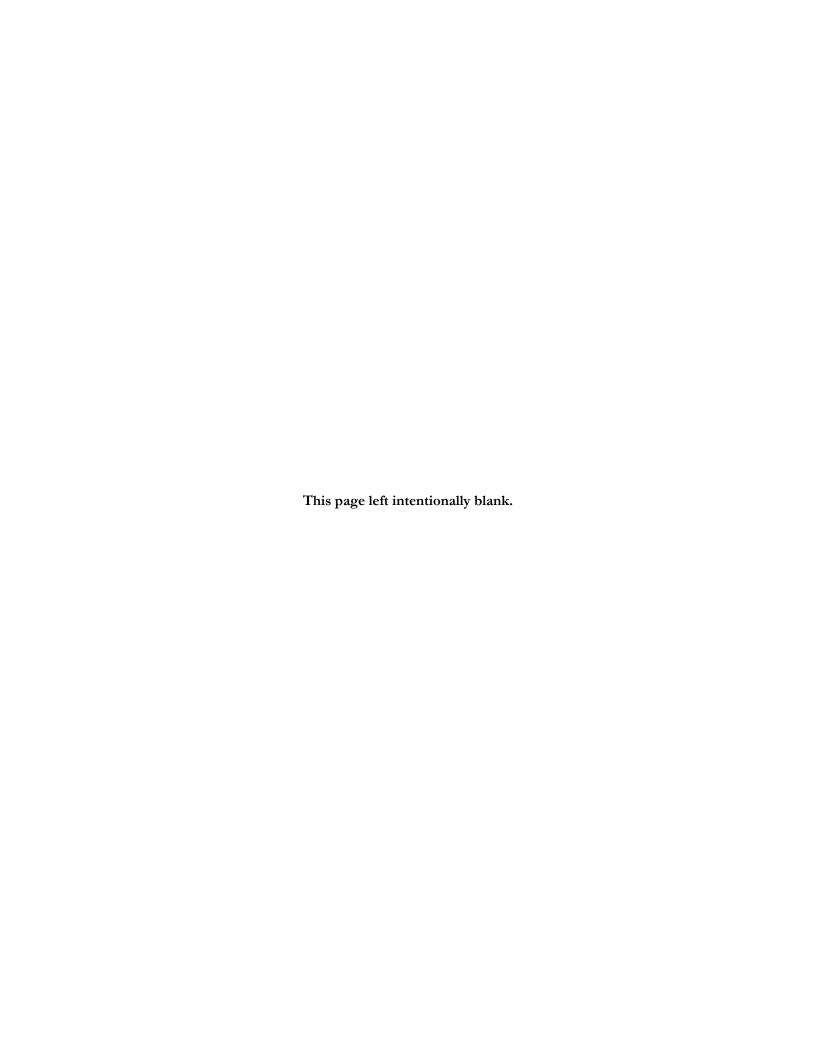

C. Expenditures by warrant reflects cash disbursements from the County

D. EBT Authorizations (A) plus Warrants (C) reflects the total State, Federal and County participation in Human Services programs and recorded on a Cash Basis in the State Financial System (CFMS)

E. Total County Expenditures reflects the net disbursements by warrant (C) plus County Share of EBTs (B) and recorded on a Modified Accrual Basis in the County Financial System

^{**} All Administration expenditures are paid by warrant; therefore, Column (D) and Column (E) on this line are equal.

^{***} Grants/Other and Senior Services reflect expenditures in the County Financial System Only, and may be noted on CFMS as settled outside CFMS

The public report burden for this in	tormation conection is esti	mated to average 38	o nours annually.		101111 # 330-030-30
