**VENDOR QUESTIONS:**

Copy of fuel usage and fuel orders for 2021. Information was eliminated down to the 3 primary locations, and bulk deliveries in gallons - by month for: Unleaded, diesel, and DEF. DEF usage is understated by roughly 2 thousand gallons. We do not currently have dispensers at most locations and are stocking individual jugs. The deliveries are a good indicator of the usage. We keep the tanks full, so the deliveries are basically replacing the usage.

1. Q: Will the County require a quote for electrical work, or will they use their own electricians?

A: Pricing for electrical work should be included in proposals submitted.
